

# DANCE IT OUT!

**... RICE is launching a new colorful collection with funky stripes, playful prints and lovely autumn colors.**

**Please give a warm welcome to RICE's Autumn Winter 22 Collection. "When in doubt - dance it out" is the name.**

Get up in the morning, choose to have a GOOD day, and play some of your favorite songs. Start moving your body... shake, jump, twist. We promise you - it works! It will lift your thoughts and make your heart smile. Exactly how we want you to feel with our new Autumn Winter 22 Collection.

In this new collection you will be introduced to our endless love for strong colors, to our fascination of playful prints, and to our immense excitement for happy and quirky items.

Additionally, this collection includes a lovely series of American glassware in perfect pastels, all kinds of funky kitchen items, amazing cushions, and blankets in new designs... and of course a magical Christmas program, including the most impressive hand embroidered raffia hearts and garlands.

Finally, you can look forward to beautiful new series of melamine for the little ones with playful prints of ever popular dinosaurs, smiling hearts and a cool farm theme.

We hope this new collection transpires what we want to deliver: **Everyday Magic.**

Please give it a warm welcome... and help us putting the extra into the ordinary - to spread colorful joy to anyone and everyone. If you feel low on joy - promise to DANCE IT OUT!

XO

*Charlotte & team RICE*
