

VP600 Battery

Cordless vacuum cleaning

- at its best

Nilfisk VP600 Battery - flexible vacuum cleaning

The Nilfisk VP600 Battery vacuum cleaner is a flexible dual-speed machine boosting your productivity - thanks to its cordless mobility and runtime of up to 60 mins. With a charge time of only 40 minutes the machine offers you non-stop cleaning performance by switching between two 36V Lithium batteries.

When you are facing heavy duty tasks and need extra power – just activate the boost function, and the VP600 Battery will match the best mains powered vacuum cleaners.

The VP600 Battery is easy to manoeuvre and allows you to clean freely without being restricted by the cable length or positioning of power outlets, it also offers the lowest sound level in its class making it an attractive choice for trouble free and safe cleaning of busy facilities. This makes the machine ideal for applications such as; inside trains, busses, aircraft, shops, fast food restaurants, cinemas, and similar places with seats, tables, and other furniture.

- High productivity with up to 60 minutes runtime on a fully charged battery
- Fast battery charging in just 40 minutes offers continuous cleaning with the use of two batteries
- Excellent cleaning performance with power boost function for heavy duty cleaning
- Battery driven cleaning offers greater freedom and mobility to clean just about anywhere with no need for electricity and trailing or rewind of cables
- Safe cleaning environment with no risk of guest or operator tripping over a cord
- Best in class sound pressure level from just 56 dB(A) enabling cost-effective daytime cleaning
- HEPA H13 exhaust filter as standard ensuring a clean environment for the user and the surroundings

Easy access to the battery pack makes re-charging and changing the battery a simple procedure

HEPA H13 exhaust filter is standard on all VP600 Battery variants

User friendly and easy to reach accessories

Technical specifications

Description	Unit	VP600 Battery
		eco / power boost
Reference number		41600822
Voltage	V	36
Battery type		Lithium Ion
Rated power	W	650
Power consumption	W	190/485
Sound pressure level	dB(A)	56/61
Sound power level	dB(A)	68/73
Suction power end of tube	W	45/116
Airflow	l/sec.	21.7/26.7
Dust bag capacity	l	10
Main filter	cm ²	2400
HEPA H13	cm ²	800
Length x width x height	mm	480x300x270
Weight (machine only)	kg	7.2
Weight w/ batteries	kg	10
FEATURES:		
Power boost		●
HEPA H13 filter		●
Dust bag (1pcs)		●
Fast charging		●
