## CLEANING AND CARE

---

### Woods, Lacquers & Melamines:

- Remove household dust with a soft, damp cloth. For occasional deeper cleaning, use a mild, non-abrasive cleanser or furniture soap. Avoid using any oily or high-sheen furniture polishes.

### Upholstery Care:

- Upholstered items should not be placed in direct sunlight or close to any heat source for extended periods of time so as to avoid premature aging of the fabric.
- All fabrics have individual use and care instructions. Refer to specific data sheets and instructions for each product as needed.

Mechanisms in transforming systems should be visually inspected periodically to identify any wear from the stress of daily use.
