Facilities Technician

Join our exceptional team of Facilities Technicians and get in on the ground floor of a growing industry! We are seeking to hire several full-time Facilities Technicians to join our team in Green Island, NY.

What You’ll Love About Us:
- **Fantastic Team Culture.** Innovative team with diverse interests (artists to builders).
- **Excellent Benefits.** Health, dental, vision, retirement, EAP, PTO, tuition reimbursement, and more
- **Time to Connect.** Earth Day community work, retreats, holiday events, Pi / pie day, costume competitions, pumpkin carving, outings, food, etc.

Ecovative’s Facilities Technicians Will:
- Assist with Facility based activities including plumbing, insulation, drywall, windows/door installation and repair, facility cleaning, general office equipment installation and miscellaneous “handyman” activities.
- Assist with maintenance and repair of large and small manufacturing equipment.
- Assist with and/or lead machining and fabrication tasks as required.
- Perform and document scheduled preventive and corrective maintenance tasks.
- Create and maintain a site inventory of tools and supplies.
- Operate machinery including forklifts, scissor lifts, and pallet jacks.

Minimum Qualifications:
- Knowledge of mechanical, electrical, and hydraulic principles and troubleshooting.
- Ability to safely use hand and power tools.
- Previous experience with maintenance and repair of building systems.
- General fabrication knowledge and safe shop practices.
- Basic Plumbing and HVAC knowledge and maintenance experience.
- Ability to work independently and collaborate with all levels of the organization.
- Strong work ethic and willingness to learn and develop new skills.

Preferred Qualifications:
- Knowledge of mechanical, electrical, and hydraulic principles and troubleshooting.
- Experience with heavy equipment operation including forklifts and scissor lifts.
- Ability to learn basic fabrication and mechanical repair techniques and skills.
- Ability to read, understand and troubleshoot equipment via operations manuals.
- Professional construction or trade experience.

Educations and Experience:
- High School Diploma.
- Minimum of 3 years hands-on maintenance/professional experience.
