Byng Street Boutique Hotel - Orange

"Engaging Lara to create an artwork for our hotel, we wanted our guests to feel like they were staying in an art gallery, with impactful pieces that get you thinking. We told Lara to simply use her artistic flair, and she created one of her biggest artworks, using the earthy tones of NSW's central west. We always have guests commenting on it. It's perfect! Lara is amazing to work with - she's so bubbly and vivacious, we love her!"

Lara Scolari's Distinctive Creations

*"I have learnt not to get too caught up in the outcomes but let the process happen and the magic will come".*

Lara Scolari, renowned for her unique 'abstract expressionist' style, pours her exuberant energy and passion into stunning artworks. With a touch of playfulness, she crafts statement pieces that elicit awe and complete spaces.

As a child, Lara's artistic journey began by painting a magnificent mural on her childhood home's wall, encouraged by her art-involved parents. This philosophy of generous and voluminous creation continues to shape her artistry.

Organic forms and fluid shapes, influenced by memory, meditation, music, and Australia's culture, define Lara's mesmerising artworks. Each painting narrates a tale, unveiled through a translucent, nature-inspired colour palette.

Lara's sought-after pieces delve into multi-layered organic forms, lines, and compositions, evoking contemplation, and inspiration.

Her skillful use of rich tonal combinations has earned acclaim from top interior designers, including the celebrated Greg Natale.

Lara infuses her heart, soul, and essence into her art, treating it as a meditative practice. Every day, she immerses herself in her creative realm, painting with her entire being. This vitality and movement shine through in her prints, original pieces, and commissions, reflecting her vivacious spirit. Lara's award-winning art graces collections worldwide, spanning North America, Europe, Asia, and Australia, both in public and private spaces.
