### SAMPLE DISCUSSION GUIDE

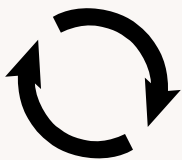

If there are any characters you would like to deliver a lecture to, who would it be and what would you say?

What are your thoughts on the structure of the characters, and do you think it served the story well?

How did the setting impact the story? Would you want to read more books in that particular setting?

If you had an opportunity to trade places with a character, which would you want it to be, and why?

What do you think happened to these characters after the books official ending?
