

N°4 Adult Complete

Nutritional Analysis

Guaranteed Analysis (%)	Energy (Calculated)
Crude protein 15.41	Kilocalories per kg ME (Kcal) 1935
Crude fat 13.44	Energy distribution %
Crude ash 2.52	Protein 31.85
Moisture 65.76	Fat 62.51
Crude fiber 0.13	NFE (Carbohydrates) 5.64

Ingredients:

Chicken (33%); front back (organic), liver, carcas (organic), meat (organic). **Lamb (27%);** lung, trachea, liver, heart, meat. **Turkey (24%);** meat, carcas. **Venison (5%);** trimming. **Others (11%);** yeast, fish oil (wild catch), seaweed (organic), spinach (organic), carrot (organic), apple, blueberry (wild), lingonberry.

MINERALS	(Average p/kg dry matter)	AMINO ACIDS	(Average digestible p/kg food)	VITAMINS	(Average p/kg food)
Calcium (Ca), g/kg	35.32	Arginine, g/kg	9.19	Vitamin A, 1000 i.e.	65.44
Phosphorus (P), g/kg	20.78	Histidine, g/kg	3.58	Vitamin D3, 1000 i.e.	0.22
Potassium (K), g/kg	6.06	Isoleucine, g/kg	6.03	Vitamin E, mg/kg	2.44
Magnesium (Mg), mg/kg	464.74	Cystine, g/kg	1.34	Folic Acid (B9), mg/kg	3.24
Iron (Fe), mg/kg	118.40	Leucine, g/kg	10.89	Vitamin B12, mg/kg	0.30
Copper (Cu), mg/kg	14.45	Lysine, g/kg	10.35		
Manganese (Mn), mg/kg	5.87	Tyrosine, g/kg	4.81	FATTY ACIDS	(Average p/kg food)
Zinc (Zn), mg/kg	81.50	Threonine, g/kg	5.33	Omega 3, g/kg	6.96
Iodine (I), mg/kg	6.99	Tryptophan, g/kg	1.52	Omega 6, g/kg	15.79
Selenium (Se), mg/kgkg	0.85	Valine, g/kg	7.85	EPA + DHA, g/kg	4.98
		Taurine, g/kg	1.21		

COMPLETE & BALANCED STATEMENT

Wolfork frozen raw meals are formulated to meet the daily nutritional needs of your dog and are complete meals composed by our nutritional scientists and formulated according to Fediaf recommendations, based on natural vitamins and minerals. Our food has no additives, and all minerals and vitamins are coming from the natural ingredients.

Note: The value of vitamin E in our food deviates from the Fediaf recommendation. The Fediaf recommendation is based on synthetic added vitamin E while Wolfork is based on natural vitamin E which creates a difference in absorption and availability. When you consider these factors, the Wolfork standards are in line with the Fediaf recommendations.
