

Nº9 Senior Complete Diet

Nutritional Analysis

Guaranteed Analysis (%)		Energy (Calculated)	
Crude protein	16.00	Kilocalories per kg ME (Kcal)	1507
Crude fat	8.16	Energy distribution	%
Crude ash	2.33	Protein	42.47
Moisture	70.00	Fat	48.75
Crude fiber	0.20	NFE (Carbohydrates)	8.78

Ingredients:

Turkey (43%); meat, carcas, heart. **Venison (17%)**: trimming. **Beef (15%)**; liver, heart. **Lamb (14%)**; lob. **Others (11%)**; yeast, seaweed (organic), spinach (organic), fish oil (wild catch), beet, apple, carrot (organic), blueberry (wild), lingonberry.

MINERALS		AMINO ACIDS		VITAMINS	
	(Average p/kg dry matter)		(Average digestible p/kg food)		(Average p/kg food)
Calcium (Ca), g/kg	35.84	Arginine, g/kg	9.17	Vitamin A, 1000 i.e.	160.85
Phosphorus (P), g/kg	21.28	Histidine, g/kg	3.66	Vitamin D3, 1000 i.e.	0,14
Potassium (K), g/kg	6.99	Isoleucine, g/kg	6.36	Vitamin E, mg/kg	2.35
Magnesium (Mg), mg/kg	1080.33	Cystine, g/kg	1.37	Folic Acid (B9), mg/kg	2.78
Iron (Fe), mg/kg	160.15	Leucine, g/kg	9.52	Vitamin B12, mg/kg	0.35
Copper (Cu), mg/kg	28.00	Lysine, g/kg	11.35		
Manganese (Mn), mg/kg	6.70	Tyrosine, g/kg	4.77	FATTY ACIDS (Average p/kg food)	
Zinc (Zn), mg/kg	88.17	Threonine, g/kg	5.50	Omega 3, g/kg	2.52
Iodine (I), mg/kg	7.99	Tryptophan, g/kg	2.42	Omega 6, g/kg	1.92
Selenium (Se), mg/kgkg	0.56	Valine, g/kg	7.29	EPA + DHA, g/kg	2.04
		Taurine, g/kg	2.46		

COMPLETE & BALANCED STATEMENT

Wolfork frozen raw meals are formulated to meet the daily nutritional needs of your dog and are complete meals composed by our nutritional scientists and formulated according to Fediaf recommendations, based on natural vitamins and minerals. Our food has no additives, and all minerals and vitamins are coming from the natural ingredients.

Note: The value of vitamin E in our food deviates from the Fediaf recommendation. The Fediaf recommendation is based on synthetic added vitamin E while Wolfork is based on natural vitamin E which creates a difference in absorption and availability. When you consider these factors, the Wolfork standards are in line with the Fediaf recommendations.
