Dear Neuland Marker friends

There's a basic print on every Neuland Marker by default.

Your desired motiv can be imprinted on the marker, in addition to the already existing basic print. The basic print includes the Neuland logo as well as important information like ink color, EAN code, nib, etc.

This is already on it: Basic print (icons)

The printable area is next to the marker name.

Basic print
Neuland FineOne® Empty
with marker information,
icons and barcode

Is the imprinted marker also available without basic printing?

No, we currently only offer printing on our markers which contain our basic print. This ensures that the color code and type of ink used are clearly identified.

Is there a minimum order quantity?

The minimum order quantity per marker type is 100 pieces. You can mix all the nib types as you wish. For example 50 x round nib, 20 x fineliner nib, 10 x flexible fiber nib, 20 x brush nib.

How long is the delivery time?

You need your markers by a certain date? Please contact our sales team for a quote with possible delivery date.
