EZY RV EXTERIOR SHOWER OUTLET

Aus J's new **EZY RV Exterior Shower Sets** achieve new standards of user comfort, quality and water conservation for RVs, 4WDs, caravans, yachts and boats.

Their ergonomic and sustainable high performance is keyed to the diverse needs of independent adventurers, families, women, children and pet owners wanting plentiful showering availability wherever they range.

The water-conserving raindrop pattern of flow – rather than continuous needle jets – delivers a soft, broader and luxurious umbrella of droplets **up to four times more efficiently than a normal unrestricted shower head.**

Features include:

- Large shower head for better feel and more water coverage
- Push-and-turn activation
- Lock-off trigger, which allows the user to lock the shower setting in place so there's no need to hold it while showering
- Simple and secure suction clamps to attach the shower head to the side of the RV
- Wall-mounted option included
- 2 meter top quality shower hose
- Adjustable handle to control temperature
- Durable netted bag for storage when not in use
