# ACACIA LUX

COLLECTION

## AN ORGANIC TOUCH OF *TEAKWOOD* MEETS CLEAN-CUT *STAINLESS STEEL*

Known for its dimensional, golden hues and superb resistance to decay, teak is a beautiful and functional material for outdoor furniture. Both our Acacia and Acacia Lux lines feature teak panelling along the arms, adding some organic warmth to the coolness of the minimal stainless steel frames.

Inspired by effortless-chic dwellings, the Acacia Lux Collection has beautifully constructed, low-riding frames fitted with substantial cushions. Sleek and modern, these pieces instantly elevate any space.

# FURNITURE COVERS

## ACCESSORIES

Protect your investment with custom-fit furniture covers. We offer a variety of sizes, tailored to fit our furniture pieces. Made with heavy-duty flannel-backed vinyl fabric, these hardy covers are made to extend the life of your pieces.

Our Outdoor Furniture Covers are waterproof and offer UV protection, and feature handles and tie-downs to keep the cover secure on your pieces.

We offer two coverage options: **Full Furniture Covers** go over the entire piece to cover the cushions and the frames, **Hoodie Covers** go over just the cushions and are fastened in place with a drawstring closure.

All covers come with storage pouch included.

### FABRIC

Flannel-backed vinyl, treated to be UV- and weather-proof.

### COVERAGE

Option of Full Furniture Cover or Hoodie Cover (covers only the cushions).

### PIECES

Full Furniture Covers are offered for all individual units as well as sectional arrangements (L-shaped sectionals, left- and right-side longer configurations).

Warranty also does not include delivery, pickup, or home inspection.

## CARE

Our furniture is designed with everyday life and use in mind. Thus, caring for your Enclover pieces is simple:

### CUSHIONS

- Fabric may be cleaned with water, a mild soap solution, and gently scrubbed using a soft, bristled brush.
- If the cushions have been left out in rain, shake or wipe the cushions off to remove excess moisture before leaving them in a dry place to air out.
- Food spills should be cleaned up immediately, as they may stain and will attract insects. Should staining occur, clean with a solution of two ounces of a light liquid soap per one gallon of lukewarm water.
- Please allow fabric and foam cushion to air dry.

### WICKER

- Wipe down the wicker structure with a soft damp cloth and then buff dry using a soft dry cloth. A mild soap solution may be used.
- If a deeper clean is desired on the wicker, a power washer may be used on a very low pressure setting, to avoid damaging or warping the wicker weave.

### METAL

- Wipe down with a soft damp cloth and then buff dry using a soft dry cloth. A mild soap solution may be used.
- **It is highly recommended that your outdoor furniture be covered during the off-season, or moved to be stored in a dry place. This avoids unnecessary wearing and damage that may occur during prolonged periods of not being used.**
