

# Vintage Dreaming Copyshop Printing Guide

Due to the interchangeable nature of some of the patterns included in the Vintage Dreaming eBook, there are a few different ways you can choose to print your patterns of choice. Included in this guide are the ways we can print your patterns for you, and the number of pages included in each file.

Please remember to give us the following information every time you use our copyshop printing service as otherwise your order will be delayed. We need to know:

- **The pattern and version you would like printed:** for patterns from this eBook, only choose from the options in this guide. We cannot print variations of the patterns that we haven't outlined.
- **The size range you would like printed:** this can be either sizes 6-20, 18-30 or 6-30. We cannot print individual sizes.
- **The order number for when you bought the Vintage Dreaming eBook:** this will be in your order confirmation email. If you are buying the eBook at the same time as your copyshop printing please say so in the comments box.

If you would like all of the Vintage Dreaming patterns printed then please add in enough copyshop sheets to make up the amount of pages listed below and state in the comments box that you would like all the patterns printed. Please remember that we will need to know the size range you would like printed.

**As with all of our copyshop printing, we will only print the pattern sheets for you. The Vintage Dreaming eBook is a digital file that you will find in your confirmation email, or in the Downloads section of your account. This can be printed on a home printer, or read from a computer, tablet or phone.**

Look through the printing guide to ensure that you're ordering the patterns that you can't wait to sew up!
