ABOUT US

We offer wraparound, re-enterable, flexible jacketing and shielding systems that feature multiple unique closures, allowing fast, easy use on new or existing installations. Ideal for fast repair when damaged systems must remain in service, our **standard and custom-engineered solutions** provide cable

bundling, thermal management, and EMI shielding, as well as flame, chemical, and abrasion protection. Zippertubing[®] is where teamwork and technical expertise combine to produce quality work for today's engineering solutions and tomorrow's products.

Full-Service Solutions

Engineer • Prototype • Manufacture

Quality Manufacturing

Zippertubing® is ISO 9001 and IATF 16949 certified. Be assured your order will meet our exacting quality standards!

Installation and Testing

Our engineers will assist you with installation and testing, whether it be on site or via video conference.

Prototyping

With our vast array of capabilities, we can produce your prototype quickly.

On-Site Engineers

Zippertubing® offers **free engineering** design and prototyping services (*tooling extra*).

Technical Sales

We will work with you to determine if you require a standard product or a custom-engineered solution.
