

## MATERIAL SAFETY DATA SHEET

### 1. Identification of the material and the supplier

#### Product details : VANI-T Fibre Lash Extension Kit

INCI name	Qualification on use for S conclusion	Ratio %	CAS No.
Phenoxyethanol	up to 0.4% if used alone	0.100000	94-13-3

#### 1. **Substance/mixture:** Mascara Cream & Fibres

Any concentration shown as a range is to protect confidentiality or is due to batch variation.

There are no additional ingredients present which within the current knowledge or the supplier and in the concentrations applicable, are classified as hazardous to health or the environment and hence require reporting in this section.

Occupational exposure limits, if available, are listed in Section 7.

#### **Supplier :**

Vani-T Pty Ltd

1/644 Grange Road, Henley Beach SA 5022, AUSTRALIA

Ph +61 882068700

### 2. Hazards Identification :

#### **Classification: Cosmetic**

Human Health Hazards: None known

**Eyes:** Rinse cautiously with water for several minutes. Remove contact lenses if

present and easy to do. Continue rinsing. If eye irritation persists, get medical advice/ attention.

**Precautionary Statements- Storage**

Store locked up. Protect from sunlight and store in a dry, well ventilated place

**Precautionary statements- Disposal**

Dispose of contents/ container to an approved waste disposal plant

**Hazards not otherwise classified (HNOC)**

Not applicable

**Unknown Toxicity**

0% of the mixture consists of the ingredient(s) of unknown toxicity

**Information pertaining to particular dangers for man and environment :**

not applicable

**3. First - aid measures**

**General information :** No special measures required.

**After skin contact :** Generally the product does not irritate the skin.

**After eye contact :** Rinse opened eye for several minutes under running water, get medical advice/ attention if eye irritation persists.

**After swallowing :** Induce vomiting and call for medical help.

**4. Fire fighting measures**

**Suitable extinguishing agents :**

CO<sub>2</sub>, extinguishing powder or water spray. Fight larger fires with water spray.

**Protective equipment :** No special measures required.

- Suitable extinguishing media: Dry chemical, water fog, CO<sub>2</sub>, foam, sand or earth.
- Emergency procedures: Shut off leak and dike up large spills. Absorb with an inert material such as earth, sand or vermiculite.

Methods and materials for containment and clean up: Sweep up and dispose of in accordance with federal, state and local regulations.

- Hazards from combustion products: Carbon monoxide and carbon dioxide from burning.
- Special protective precautions and equipment for fire fighters: Self-contained breathing apparatus.
- Hazchem Code: Not relevant

#### 5. Accidental release measures

**Person-related safety precautions :** Not required.

**Measures for environmental protection :** Dilute with plenty of water.

**Measures for cleaning/collecting :**

Absorb with liquid-binding material, flush the rest with plenty of water.

**Additional information :** No dangerous substances are released.

#### 6. Handling and storage

**Handling.**

**Information for safe handling :** No special measures required. Use normal good handling procedures.

**Information about protection against explosions and fires :** No special measures required.

**Storage:** Keep away from heat and light and store in a cool, dry place at normal temperature.

**Storage**

**Requirements to be met by storerooms and receptacles :**

No special measures required.

**Information about storage in one common storage facility :** Not required.

#### 7. Exposure controls and personal protection

**General Measures:** No special measures required

**Additional information about design of technical systems :**

No further data

**Components with limit values that require monitoring at the workplace :**

The product does not contain any relevant quantities of materials with critical values that have to be monitored at the workplace.

**Personal protective equipment General protective and hygienic measures :**

The usual precautionary measures should be adhered to when handling chemicals.

**Breathing equipment :** Not required.

**Protection of hands :** Not required.

**8. Physical and chemical properties**

**Form :** Powder - Finely milled

**Color :** Varies

**Odor :** Nil

**Value/Range Unit Method**

**Change in condition**

**Melting point/melting range :** undetermined

**Boiling point/Boiling range :** > 100°C

**Flash point :** ----

**Self igniting :** Product is not self-igniting

**Danger of explosion :** Product does not present an explosion hazard.

**Density :** at 20°C 1.0g/cm<sup>3</sup>

**Solubility in / Miscibility with**

**Water :** soluble.

**pH-value :** at 20°C 5-8

**Solvent content :**

**Water :** 40%

**9. Stability and reactivity**

- **Thermal decomposition / conditions to be avoided :** Heat, flame, pressure and shock.

- **Incompatible materials:** Strong oxidizers such as Hydrogen Peroxide, Bromine and Chromic Acid
- **Hazardous decomposition products:** Carbon monoxide and Carbon dioxide.
- **Hazardous reactions:** Not available.

No decomposition if used according to specifications.

**Dangerous reactions** : No dangerous reactions known.

**Dangerous products** : No dangerous decomposition products known.

## 10. Toxicological information

**Primary irritant effect :**

**On the skin :** No irritant effect.

**On the eye :** No irritating effect.

**Sensitization :** No sensitizing effects known.

**Additional toxicological information :**

The product is not subject to classification according to the calculation method of the General EU Classification Guidelines for Preparations as issued in the latest version : When used and handled according to specifications, the product does not have any harmful effects according to our experience and the information provided to us.

## 11. Ecological information

**Information about elimination**

**Ecotoxicity:** Not available

**Persistence & degradability:** Not available

**Mobility:** Not available

## 12. Disposal considerations

**Product Recommendation :**

Smaller quantities can be disposed of with household waste.

Large quantities must be specially treated adhering to official regulations and disposed of at an approved disposal plant.

**Uncleaned packaging :**

**Recommendation :**

Empty contaminated packaging thoroughly. They can be recycled after thorough and proper cleaning or disposed of according to official regulation.

**Recommended cleansing agent :** Water , if necessary with cleansing agents.

### **13. Transport information**

**Transport/Additional information :** Not dangerous according to the above specifications.

- UN Number: Not relevant.
- UN Proper Shipping Name: Not relevant.
- Class and subsidiary risk: Not relevant.
- Packing Group: Not relevant.
- Special Precautions for user: None.
- Hazchem Code: Not relevant.

### **14. Other information**

This information is furnished without warranty, expressed except that it is accurate to the best knowledge of VANI-T Pty Ltd. The data sheet relates only to the specific material designated hereon. VANI-T Pty Ltd assumes no legal responsibility for use or reliance upon this data.
