

Material Safety Data Sheet

Section 01 – Product Identification

TIGI Linea, LP
1655 Waters Ridge Dr.
Lewisville, TX 75057
469 528-4300
800 259-8596

In case of medical emergencies, please contact your local poison control center.
Transportation Emergency Telephone: US & North America: 1800 424-9300
International: (703) 527-3887

Product Class: Stain Remover
Trade Name: **TIGI Colour Stain Remover + Barrier**

Section 02 – Composition/Information on Ingredients

Identification number: 604604-00
CAS Number (s): N/A
EINECS Number: N/A
INCI Name: N/A
Hazardous Ingredients: About 6.02% Hydrogen Peroxide (CAS No. 7722-84-1)

Section 03 – Hazards Identification

Specific Risks:

Section 04 – First Aid Measures

First Aid Measures / General Information: After adequate first aid, no further treatment is required unless symptoms reappear.

Skin Contact: Flush skin with plenty of water for at least 15 minutes. Wash clothing before re-use. Get medical attention if symptoms occur.

Eyes Contact: Immediately rinse with clean water for 20-30 minutes. Retract eyelids often. Obtain emergency medical attention if pain, blinking, tears or redness persist.

Inhalation: Remove person to fresh air. If breathing is difficult, give oxygen and get medical attention.

Ingestion: For ingestion of large quantities, call a physician. Do not induce vomiting unless directed to do so by medical personnel. Never give anything by mouth to an unconscious person. Get medical attention.

Section 05 – Fire-Fighting Measures

Suitable Extinguishing Media: In case of fire, water, water fog, dry chemical. CO2 or foam can be used.

Extinguishing media that must not be used for safety reasons: Will not burn, but may release oxygen when subjected to heat.

Section 06 – Accidental Release Measures

Environmental Precautions: N/A

Methods for cleaning up / taking up: Prevent flow to sewer/public waters. Spread granular cover. Soak up small spills with inert solids. Dispose of in compliance with Federal, State and Local regulations. Contain/collect rapidly to minimize dispersion.

Section 07 – Handling and Storage

Handling: Normal handling and storage consistent with good manufacturing practices should be used. See section 8 for details.

Stockage: Keep containers closed until used. To maintain product quality, do not store in heat or direct sunlight

Storage: Store product upright in a cool dry place, away from heat and direct sunlight. Store away from corrosive and flammable products.

Reactivity Data: N/A

Section 08 – Exposure Controls/Personal Protection

Personal Protective Equipment:

Eyes: Eye protection such as chemical splash goggles and/or face shield must be worn when possibility exists for eye contact due to splashing or spraying liquid, airborne particles, or vapor. Contact lenses must not be worn.

Skin: Gloves (vinyl, rubber or plastic) are recommended when handling this product. Where use can result and skin contact, practice good personal hygiene. Wash hands and other exposed areas with mild soap and water before eating, drinking, smoking and when leaving work.

Respiratory: No special respiratory protection is recommended under anticipated conditions of normal use with adequate ventilation.

Hygiene Measure: Use good personal hygiene practices. Wash hands before eating, drinking, smoking or using toilet facilities. Promptly remove soiled clothing was thoroughly before reuse. Shower after work using plenty of soap and water. Emergency eye wash fountains and safety showers should be available in the immediate vicinity of any potential exposure.

Section 09 – Physical and Chemical Properties

Appearance: Clear Gel
Odor: Characteristic
Color: Off-White to Light Yellow
Data Relevant to Safety: N/A
Flash Point (Method Used): None to Boiling (T.C.C)
Flammable Limits: % LFL: No Information
 UFL: Ni Information
Boiling Point: 205 °F
Specific Gravity (25 °C): N/A
Vapor Density: (Air-1): N/A
Evaporation Rate (Butyl Acetate=1): N/A
Solubility in Water: Miscible with Water
pH (neat) (25 °C): 9.2 – 9.8 at 20 - 22 °C
Refractive Index (25 °C): N/A
Bulk Density: N/A

Section 10 – Stability and Reactivity

Hazardous Reactions: Hazardous polymerization will not occur.

Stability: Stable

Incompatibility: Strong acids, strong bases, strong oxidizing materials.

Hazardous Decomposition Products: On combustion, CO and CO₂ may be released

Section 11 – Toxicological Information

N/A

Section 12 – Ecological Information

Ecotoxicity: N/A

Section 13 – Advice on Disposal

Contaminated Packaging: Should not be considered hazardous waste

Section 14- Transport Information

Land Transport – Marine Transport – Air Transport: Other than normal shipping instructions and information given in the MSDS, there are no other specific U.S. Department of Transportation (DOT) regulations governing the shipment of this material.

Section 15 – Regulatory Information

Labeling – (Hazard Symbols)

National Fire Protection Association

Health= Flammability= Reactivity= Special Hazard -

Hazardous Material Information System (HMIS):

Health= Flammability= Reactivity= Personal Protection=

Section 16 – Other Information

Hazardous Products of Combustion: On combustion, CO and CO₂ may be released.

DISCLAIMER: This MSDS is intended to provide a brief summary of our knowledge and guidance regarding the use of this material. The information contained here has been compiled from sources considered by the manufacture to be dependable and is accurate to the best of the Company's knowledge. It is not meant to be an all-inclusive document on worldwide hazard communication regulations.

This information is offered in good faith. Each user of this material needs to evaluate the conditions of use and design the appropriate protective mechanisms to prevent employee exposures, property damage or release to the environment. The Manufacture assumes no responsibility for injury to the recipient or third persons or for any damage to any property resulting from misuse of the product.
