5. FIRE FIGHTING MEASURES

Fire and Explosion: There is no risk of an explosion from this product under normal circumstances if it is involved in a fire.

Extinguishing Media: Not combustible. Use extinguishing media suited to burning materials.

Fire Fighting:

Flash point:	Does not burn
Upper Flammability Limit:	Does not burn
Lower Flammability Limit:	Does not burn
Auto-Ignition temperature:	Does not burn
Flammability Class:	Does not burn

6. ACCIDENTAL RELEASE MEASURES

Accidental release: Minor spills do not normally need special cleanup measures.

In the event of a major spill, prevent spillage from entering drains or water courses. As a minimum, wear overalls, goggles and gloves. No special recommendations for clothing materials. Stop leak if safe to do so, and contain spill.

Absorb onto sand, vermiculite or other suitable absorbent material. If spill too large or if absorbent material is not available, try to create a dike to stop material spreading or going into drains or waterways. Sweep up or shovel or collect recoverable product into labeled containers for recycling or salvage, and dispose of promptly. Recycle containers wherever possible after careful cleaning. After spills, wash area preventing run-off from entering drains. If a significant quantity enters drains, advise emergency services. This material may be suitable for approved landfill. Ensure legality of disposal by consulting regulations prior to disposal. Thoroughly launder protective clothing before storage or re-use. Advise laundry of nature of contamination when sending clothing to laundry.

7. HANDLING AND STORAGE

HANDLING: Keep exposure to this product to a minimum, and minimize quantities kept in work area.

STORAGE: Store in cool dry place.

8. EXPOSURE CONTROLS / PERSONAL PROTECTION

No exposure standards have been established

- Skin Protection:** Gloves may be worn.
- Eye Protection:** Not normally required. Use if mist will get into eyes under specific conditions.
- Ventilation:** Use with caution in well ventilated area. Product presents no general hazard.
- Respiratory Protection:** Not required under normal working/use conditions.
- Personal Hygiene:** As in handling any detergent, wash thoroughly after use.

9. PHYSICAL AND CHEMICAL PROPERTIES

Physical Description/Properties

Appearance:	Green Liquid
Boiling Point/Melting Point:	Approximately 100°C at 100kPa.
Vapor Pressure:	Not determined
Specific Gravity:	1.02 ± 0.05
Flashpoint:	Not flammable
pH:	6.5 – 7.3
Flammability Limits:	Not determined
Solubility in Water:	Completely

10. STABILITY AND REACTIVITY

- Reactivity:** This product is unlikely to react or decompose under normal storage conditions. However, if you have any doubts, contact the supplier for advice on shelf-life properties.
- Conditions to avoid:** None known
- Incompatibilities:** No particular Incompatibilities.
- Fire Decomposition:** Small quantities of carbon dioxide may be generated.
- Polymerisation:** This product is unlikely to undergo polymerisation process.
