1.1	Product	AFFINAGE PROFESSIONAL Flexi Paste
1.2	Proper shipping name	Not applicable
1.3	Recommended use	Hair Styling
1.4	Supplier	International Hair Cosmetics Group Pty Ltd
		14 India St (Cnr Tombo Street), Capalaba, QLD 4157
1.5	Telephone number	61 7 3823 4566 (Weekdays 9.00 am to 5.00 pm). After hours call the Poisons Information
		Centre (phone Australia 131 126; New Zealand 0800 764 766).
SECTIO	ON 2: HAZARD(S) IDENTIFICATION	
2.1	Poisons schedule (Aust)	Not scheduled.
2.2	Hazard classification	Not hazardous according to the criteria of the Globally Harmonised System of Classification and
		Labelling of Chemicals (GHS). Not required to be labelled by the Preparation of Safety Data
		Sheets for Hazardous Chemicals Code of Practice.
2.3	Hazard categories	N/A
2.4	Pictograms	N/A
2.5	Signal word	N/A
2.6	Hazard statement	N/A
2.7	Precautionary statements	N/A
2.8	Dangerous goods classification	Not Dangerous Goods according to the criteria of the Australian Code for the Transport of
		Dangerous Goods by Road & Rail (ADG Code).

SECTI	ON 7: HANDLING AND STORAGE	
7.1	Handling	Observe good personal hygiene practices. Wash hands thoroughly after use. When handling bulk product, glasses with side shields and protective (disposable) gloves are recommended.
7.2	Storage	Avoid contact with eyes. Storage in large quantities (i.e. warehouses) should be in cool, well-ventilated areas. Keep containers closed when not in use. Store in cool area.

SECTION 8: EXPOSURE CONTROLS AND PERSONAL PROTECTION

	No exposure standards have been establis	osure standards have been established for this product by The Safe Work Australia (SWA).	
8.1	Exposure Limits	No data available.	
8.2	Biological Limits	No data available.	
8.3	Personal Protective Equipment	When handling bulk product, glasses with side shields and protective (disposable) gloves are recommended. No PPE recommended for end use.	
8.4	Work Hygiene Practices	Wash hands after contact with this material. Do not eat or drink around this product.	

SECTION 9: PHYSICAL AND CHEMICAL PROPERTIES

9.1	Physical state	Solid
9.2	Appearance	Creamy white to off white
9.3	Odour	Floral
9.4	рН	N/A
9.5	Solubility	Soluble in water.
9.6	Specific gravity	N/A
9.7	Vapour pressure @ 20°C	No data available.
9.8	Relative vapour density	No data available.
9.9	Flash point	N/A
9.10	Flammability limits	N/A
9.11	Auto ignition temperature	N/A
9.12	Boiling point	No data available.
9.13	Evaporation rate	No data available.
9.14	Freezing point	No data available.

SECTION 10: STABILITY AND REACTIVITY

10.1	Chemical stability	Product is stable under normal conditions of use and storage.
10.2	Conditions to avoid	Protect from heat and direct sunlight.
10.3	Incompatible materials	Keep away from strong oxidising agents, strong acids and strong alkalis.
10.4	Hazardous decomposition products	Decomposition may result in toxic or irritating fumes. Decomposition products could include
		oxides of carbon, oxides of nitrogen, oxides of silicon, formaldehyde, and other non-identified
		organic compounds.

SECTION 11: TOXICOLOGICAL INFORMATION

11.1	Acute toxicity	Not expected to be an acute toxicity hazard.
11.2	Skin corrosion/irritation	Not expected to be a skin irritant.
11.3	Serious eye damage/Irritation	Not expected to be an eye irritant.
11.4	Respiratory/Skin sensitisation	Not expected to be a sensitiser.
11.5	Germ cell mutagenicity	Not considered to be a mutagenic hazard.
11.6	Carcinogenicity	Not considered to be a carcinogenic hazard.
11.7	Reproductive toxicity	Not considered to be toxic to reproduction.
11.8	Specific target organ toxicity (STOT) -	Not expected to cause toxicity to a specific target organ.
	single exposure	
11.9	Specific target organ toxicity (STOT) -	Not expected to cause toxicity to a specific target organ.
	repeated exposure	
11.10	Aspiration hazard	Not expected to be an aspiration hazard.
11.11	Other	No data available.

SECTIO	ON 12: ECOLOGICAL INFORMATION	
12.1	Ecotovity	No data available.
12.1	Ecotoxity	
12.2	Persistence and degradability	No data available on bio-accumulative potential.
12.3	Mobility	No data available.
SECTIO	DN 13: DISPOSAL CONSIDERATIONS	
13.1	General Information	Dispose of in accordance with all local, state and federal regulations. All empty packaging should be disposed of in accordance with all local, state and federal regulations, or recycled/reconditioned at an approved facility.
SECTIO	DN 14: TRANSPORT INFORMATION	
14.1	Proper shipping name	No data available.
14.2	Pack group	No data available.
14.3	Class	No data available.
14.4	UN number	No data available.
14.5	Hazchem	No data available.
14.6	Special provision	No data available.
14.7	Subsidiary risk(s)	No data available.
14.8	National Transport Commission (Australia)	Not Dangerous Goods according to the criteria of the Australian Code for the Transport of
	Dangerous goods classification	Dangerous Goods by Road & Rail (ADG Code).
SECTIO	DN 15: REGULATORY INFORMATION	
15.1	General information	No data available.
15.2	Globally harmonised system (GHS)	Not hazardous according to the criteria of the Globally Harmonised System of Classification and Labelling of Chemicals (GHS). Not required to be labelled by the Preparation of Safety Data Sheets for Hazardous Chemicals Code of Practice.
15.3	Poisons schedule (Aust)	Not scheduled.
SECTIO	DN 16: OTHER RELEVANT INFORMATION	
	have Dete	27 July 2018
	Issue Date	

This SDS summarises to our best knowledge at the date of issue, the chemical and physical health and safety hazards of the material, and general guidance on how to safely handle the material in the workplace. International Hair Cosmetics Group Pty Ltd cannot anticipate or control the conditions under which the product is stored or used, each user must (prior to usage) assess and control the risks arising from the use of this material. If clarification or further information is needed, the user should contact their International Hair Cosmetics Group Pty Ltd representative at the contact details on page 1. Our responsibility for the material sold is subject to the terms and conditions of sale, a copy of which is available on request.
