

Material Safety Data Sheet

VANI-T BRAZILIAN BRONZE SELF TAN MOUSSE

Issue Date: May 2014

Not Classified as hazardous according to criteria of Worksafe Australia

1. PRODUCT & COMPANY IDENTIFICATION

Product Name: VANI-T BRAZILIAN BRONZE SELF TAN MOUSSE
Other Name: -
Use: Cosmetic - Self Tanning
UN Number: None allocated
Dangerous Goods Class: None allocated
Subsidiary Risk: None allocated
Packing Group: None allocated
Hazchem Code: None allocated
Poison Schedule: None allocated

Company Name: Vani-T P/L
Address: Suites 1-3, 5 Kitawah Street
Lonsdale
SA 5160
Tel/Fax: Tel: +618 8381 0000
Fax: +618 8326 6088

2. COMPOSITION/ INGREDIENT INFORMATION

Active Ingredient:
Dihydroxyacetone

Other Ingredients:

The product(s) does not contain ingredients classified as hazardous according to the criteria of Worksafe Australia. The Formula is proprietary. The Company will make formula information available to medical personnel in the event of medical emergency.

HEALTH HAZARD INFORMATION

Hazard Category: None Allocated

3. HEALTH EFFECTS

Potential Health Effects:

Swallowed: Unknown. Not meant for ingestion.
Eye: May cause eye irritation.
Skin: No effect expected under normal use;
May cause irritation in some users having sensitive skin.
Inhaled: Unknown. Not meant for inhalation.
Chronic: No reports about long term exposure.

4. FIRST AID MEASURES

Swallowed: Seek immediate medical assistance. Do not induce vomiting.
Eye: Rinse immediately with plenty of water.
Seek immediate medical assistance if irritation persists.
Skin: Discontinue use if irritation develops.
Inhaled: Move person to fresh air.
Advice to Doctor: Treat Symptomatically.

SAFE HANDLING INFORMATION

5. FIRE FIGHTING MEASURES

Flammable Limits: None allocated
Autoignition Temperature: Not applicable
Hazard from Combustion Products: The mixture is not combustible under normal conditions.
May decompose under fire condition emitting oxides of carbon.
Extinguishing Media: Use extinguishing media suitable for surrounding fire situation.
Firefighting: Full protective clothing and self-contained breathing apparatus.

6. ACCIDENT RELEASE MEASURES

General Protection:	Slippery when spilt. Walk cautiously. Clean up immediately. Ventilate areas. Avoid accident.
Spills/ Leaks:	Vacuum or sweep up material. Place into suitable disposal bin. Large spill: Bund area using absorbent materials (sand or earth) to prevent run off into drains or waterways. Collect and seal in properly labelled containers for disposal. Wash area with water to remove residual spilt materials.

7. HANDLING AND STORAGE

Safe Handling:	Keep container tightly closed. Wash thoroughly after handling. Ensure adequate ventilation. Minimise dust generation and accumulation. Avoid contact with eyes, skin and clothing.
Storage:	Store in a cool, dry, well ventilated area away from direct sunlight. Store in original package Keep refrigerated after opening Store away from incompatible substances. Store away from beverage or foodstuff containers. Keep out of reach of children or pets.

8. EXPOSURE CONTROL/ PERSONAL PROTECTION

Exposure Standard:	None allocated
Biological Limits:	Not applicable
Engineering Controls:	Maintain adequate ventilation. Use exhaust system if needed.
Personal Protection:	
Eyes:	Generally not required. Use suitable face shields when handling large quantities.
Hands:	Generally not required. Use protective gloves when handling large quantities.
Respirators:	Generally not required. Use AS 1715/1716 approved respirator or SCBA if airborne concentration is unknown.
Other:	Always wash hands before eating, drinking, smoking or using the toilet.

9. PHYSICAL AND CHEMICAL PROPERTIES

Appearance:	Brown Liquid
Freezing Point:	Not Available
Boiling Point:	Not Available
Vapour Pressure:	Not Available
Specific Gravity:	Approx. 1.0
Flash Point:	Not Available
Solubility:	Readily dispersible in water
pH Value:	Neutral to acidic
Evaporation Rate:	Not Available
Volatile Component %	Not Available
Decomposition Temperature	Not Available
Specific Heat Value	Not Available

10. STABILITY AND REACTIVITY

Chemical Stability	No known degradation under normal condition of use.
Conditions to Avoid:	Excess heat, direct sunlight and incompatibles
Incompatibilities	Oxidising agents
Hazardous Polymerisation	No available information
Hazardous Degradants	No available information

11. TOXICOLOGICAL INFORMATION

No available information

12. ECOLOGICAL INFORMATION

No available information. Avoid contaminate waterways.

13. DISPOSAL CONSIDERATIONS

No available information.

Follow the disposal guidelines of federal, state or local council.

Dispose of waste materials by a licensed waste contractor.

14. TRANSPORT INFORMATION

UN Number: None allocated
UN Proper Shipping Name: None allocated
Dangerous Goods Class: None allocated
Subsidiary Risk: None allocated
Packing Group: None allocated
Hazchem Code: None allocated

Not classified as Dangerous Goods according to the Australian Code for the Transport of Dangerous Goods by Road or Rail.

15. REGULATORY INFORMATION

SUSMP Poison Schedule: Non-scheduled

Risk Phrases: None

Safety Phrases:

S2 Keep out of reach of children
S62 If swallowed, do not induce vomiting; seek medical advice immediately and show container or label
