Review Date : -
Revision No. : -

1. CHEMICAL PRODUCT AND COMPANY IDENTIFICATION

Product name arau. baby Foam Body Soap

Supplier SARAYA CO., LTD.
 2-2-8 Yuzato, Higashisumiyoshi-ku,
 Osaka, JAPAN 546-0013
 Global Operations Division
 Tel.No. : +81-6-6703-6336
 Fax No. : +81-6-6703-4466

2. HAZARDS IDENTIFICATION

GHS Classification Classification not possible

3. COMPOSITION / INFORMATION ON INGREDIENTS

Substance/Preparation Preparation

Components

Chemical name	CAS No.	Concentration (%w/w)
WATER	-	-
OLEIC ACID	-	-
GLYCERIN	-	-
MYRISTIC ACID	-	-
POTASSIUM HYDROXIDE	-	-
HYDROLYZED CANDIDA BOMBICOLA EXTRACT	-	-
CITRIC ACID	-	-
LAVANDULA ANGUSTIFOLIA (LAVENDER) OIL	-	-
CITRUS AURANTIFOLIA (LIME) OIL	-	-
PERILLA OCYMOIDES LEAF EXTRACT	-	-
ALOE BARBADENSIS LEAF EXTRACT	-	-
BG	-	-

4. FIRST AID MEASURES

Skin contact

Wash off the product with water.

Eye contact

Do not rub eyes. Remove contact lenses if present. Immediately flush eyes with clean running water for more than 15 minutes.

Ingestion

Do not induce vomiting. Rinse mouth with water without vomiting and drink plenty of water. If symptoms persist, take a copy of the SDS and seek medical attention.

5. FIRE FIGHTING MEASURES

Suitable extinguish media

Foam, powder or carbon dioxide gas.

Extinguishing media which must not be used for safety reasons

Not known

Specific fire extinguishing methods

Product itself is non-combustible. If fire does occur because of the surrounding environment, use above-mentioned extinguishing media.

6. ACCIDENTAL RELEASE MEASURES

Personal precaution, protective equipment and emergency procedures

Wear personal protective equipment such as goggles, rubber gloves and protective clothing.

Environmental precautions

Avoid release of undiluted solution to the environment.

Methods and material for containment and cleaning up

For small spills, wipe small spills with a rag.

For large spills, collect in a covered container.

7. HANDLING AND STORAGE

Handling

Technical measures

Nothing special

Precautions for safe handling

Use the product only for the intended purposes.

Do not mix with other chemicals.

In case of allergy to any of the product ingredients, do not use the product.

Do not use on skin which exhibits cuts, wounds, swelling, eczema, or other medical conditions.

If any of the following symptoms occur, stop using the product and seek medical advice: skin redness, swelling, itching, irritation, or if similar symptoms occur after exposure to direct sunlight.

Avoid the area around the eyes when using this product.

After using the product, wash and rinse hands thoroughly with clean water.

Avoidance of Contact

Not known

Storage

Conditions for safe storage

Store in a sealed container.

Keep out of reach of children and patients with dementia.

Avoid extremely low or high temperature storage.

Keep away from direct sunlight.

Compatible materials for storage container

Use only specified plastic container.

8. EXPOSURE CONTROLS / PERSONAL PROTECTION

Control parameter

A control parameter has not been set.

Appropriate engineering control

Not known

Personal protection

Wear personal protective equipment as needed.

9. PHYSICAL AND CHEMICAL PROPERTIES

Physical state

Liquid

Color

Clear, faint yellow to yellow

Odor

Herb odor

Boiling point or initial boiling point and boiling range

Not known

Flammability

Not known

Preparation Date : Jul. 29, 2022
Revision Date : -
Review Date : -
Revision No. : -

Lower and upper explosion limit /flammability limit	Not known
Flash point	Not known
Auto-ignition temperature	Not known
Decomposition temperature	Not known
pH	9.0 - <11
Kinematic viscosity	Not known
Vapor pressure	Not known
Density and/or relative density	1.022 (20°C)
Relative vapor density	Not known
Particle characteristics	Not known

10. STABILITY AND REACTIVITY

Reactivity

Stable at room temperature

Chemical stability

Stable at room temperature

Possibility of hazardous reactions

Not known

Conditions to avoid

Not known

Incompatible materials

Not known

Hazardous decomposition products

Not known

11. TOXICOLOGICAL INFORMATION

Acute toxicity

Classification not possible

Skin corrosion/irritation

Classification not possible

Serious eye damage/eye irritation

Classification not possible

Respiratory sensitization/skin sensitization

Classification not possible

Germ cell mutagenicity

Classification not possible

Carcinogenicity

Classification not possible

Reproductive toxicity

Classification not possible

Specific target organ/systemic toxicity following single exposure

Classification not possible

Specific target organs/systemic toxicity following repeated exposure

Classification not possible

Aspiration hazard

Classification not possible

12. ECOLOGICAL INFORMATION

Ecotoxicity

Not known

Persistence and degradability

Not known

Bioaccumulative potential

Not known

Mobility in soil

Not known

Hazardous to the ozone layer

Not known

13. DISPOSAL CONSIDERATIONS

Information on safe handling for disposal and methods of disposal, including any contaminated packaging

See section 7, Handling and storage

International regulations

Disposal should be done in accordance with local, state, and national laws.

Waste residues

Spray into an incinerator and burn, or dispose with a large quantity of water, or entrust disposal of product to an industrial waste disposal contractor.

Used container

Disposal should be done in accordance with local, state, and national laws.

14. TRANSPORT INFORMATION

See section 7, Handling and storage

UN regulations

UN classification

Not applicable

UN number

Not applicable

Not applicable as flammable liquids

Take necessary measures to prevent spillage, leakage, outflow and seepage.

15. REGULATORY INFORMATION

International regulations

It is the responsibility of the user to know and comply with all relevant rules, regulations and laws in the local, state, national and international level relating to the product being used.

16. OTHER INFORMATION

This SDS is compliance with JIS Z 7253:2019.

Disclaimer

Any of the above information may be changed without prior notice.

This document is complete and thorough to the best of our knowledge.

Note that information is provided in order to use the product safely, not to guarantee the safety of the product.

Precaution is intended normal handling, but new safety measure which is suited new usage should be prepare when the product used with special handling.

Use the product properly according to its specifications.

As with all chemicals, at the present time there are some unknown facts about the chemicals contained in this product and thus, the product should be handled with care. It is the responsibility of each individual user to set the conditions in which the product can be safely used.
