Description

This stereo audio cable has a 3.5mm male on one end and two RCA males on the other. It is typically used to connect audio devices such as iPods, MP3 players and smart phones to audio systems.

- 22 gauge, heavy duty cable is used to capture all highs & lows for optimum audio performance
- Constructed of "Siamese" cable for easy installation of left and right audio
- Constructed of low-loss, stranded 22 gauge OFHC (Oxygen Free Copper) with a foam polyethylene insulation around center conductors
- 95% braided copper shield surrounds dielectric for maximum EMI/RFI noise rejection therefore maintaining the cleanest signal possible
- Multi-stranded copper center conductors allows for extra flexible cables
- High quality, 24K gold plated shielded connectors allows for optimum connectivity and maintains a clean signal integrity
- FT4 riser fire rated jacket for in-wall use
- Lead Free, "silver laced" solder is used in order to reduce loss and maximize conductivity

Physical Characteristics

Color	Black
Connector Plating	Gold
Cable Diameter	5.0mm x 10.0mm
Wire Gauge	22AWG
Jacket Material	PVC - Polyvinyl Chloride
Fire Rating	FT4 (Riser CMR)
Cable Shielding	95% Bare Copper Braid
Strain Relief	Metal Shell

Connectors

Connector A	3.5mm Stereo Male
Connector B	RCA Male - White
Connector C	RCA Male - Red

Approvals

cUL	Yes - Cable

Environmental

RoHS	Yes

Package Information

Package Quantity	1

Warranty Information

Warranty	Limited Lifetime
