

**Description**

This cable is primarily used in the assembly of duplex fiber patch cords used in server rooms, data centers and other point to point indoor applications.

**Physical Characteristics**

Color	Lime Green
Fiber Optic Type	Zipcord 2.0 Multimode 50/125um
Fiber Core Diameter	50.0 micron ± 2.0 micron
Maximum Tensile Load	Short Term : N 150 Long Term : N 90
Minimum Bending Radius	Dynamic : 50mm Static : 30mm
Fiber Count	2C
Tight Buffer Diameter	0.9 micron ±0.05
Cable Diameter	2mm
Fire Rating	LSZH
Uniformly Distributed	Kevlar
Operating Temperature	-20°C ~ +60°C
Cable Dimension	2.0±0.1 × 4.1±0.2 mm

**Environmental**

RoHS	Yes
------	-----

**Packaging Information**

Package Quantity	1
Product Weight	0.03 lbs [0.01 kg]
