	Apply	sion 💿		

1. Currently, you may only be seeing the below in the Camera screen (12 Max IP Cameras)

2. You must enable the "Enhanced IP Mode" under General system settings and it will allow you to bring up 4 more IP cameras. It should be selected like the diagram below.

^				Syst	em				≗ 4	Ø
🔅 General		Language	English		VGA/HDMI Resoluti	on		1024*70	68/60HZ	•]
