

100pk Cable Clamp, 7.5mm OD Cable, Self-Adhesive or Screw-Down - Black

CC-205-BK - Specifications

Description

This pack of adhesive/screw-down cable clamps are used to support for a variety of networking cables. They are easy to install and can be screwed into place or stuck down using the self-adhesive backing where fixing holes is impractical. They can be used in both residential and commercial applications.

M = 5.0mm
