- Ships as non-hazardous/not regulated by all modes of transport, including air freight

Physical Characteristics

Size	1 Gallon
Appearance	Colorless, Clear Liquid
Odor	Slight, Ether
Boiling Point	45°C /113°F
Chemical Family	HFC
VOC Organic Content (g/L)	889
Flashpoint	None
Vapor Pressure	360 mmHg (@ 25°C)

Manufacturing Information

MicroCare Part Number	FCLP-SOL1-XL
-----------------------	--------------

Certifications

REACH & ELINCS Compliant	Yes
RoHS and WEEE Compliant	Yes

Packaging Information

Package Quantity	1 - 1 Gallon Jug
Product Weight	8.3 lbs [3.76kg]
