

Multi-Task Surface Cleaner - MultiClean - 100 Pack 70% Isopropyl Alcohol Wipes - Size 5"x 8"

FO-MCC-MLCW - Specifications

Description

Multi-Task surface cleaning wipes are an isopropyl alcohol surface cleaner mainly used to clean workbenches, machinery, tools, instruments and desktops. They clean organic and ionic residue, fingerprints, uncured epoxy residue, light oils and grease and can be used on PCBs, insulators, cables and connectors, flex circuits, solder masks and metal.

Features

- 70% high purity isopropyl alcohol, 30% deionized water mix
- Mild and skin-safe to use
- No residue, no rinsing, 100% VOC so it evaporates cleanly
- ESD-safe
- No rip, no lint, heavy duty fabric wipe - not paper
- "Slam-Shut" lid minimizes evaporation and keeps the wipes damp
- There are 100, 8"x 5" pre-saturated wipes in each tub
- Non-corrosive
- Completely ozone-safe
- Kb Value: 25 (est)
- Low GWP
- Flammable

Physical Characteristics

Wipes per Box	100 Wipes
Appearance	Clear, colorless liquid in a white polyester wipe
Odor	Slight alcohol
PEL (ppm, 8-hr TWA)	200
Boiling Point	82°C / 180°F
Chemical Family	Deionized Water & Alcohol
Evaporation Rate	Slow
Cleaning Strength (kb)	25
Active Ingredients	Reagent-grade alcohol
Flashpoint	12°C / 53°F
Vapor Pressure @ 20°C	5.2
Specific Gravity	0.87 g/mL

Manufacturing Information

MicroCare Part Number MCC-MLCW

Certifications

REACH & ELINCS Compliant Yes
RoHS and WEEE Compliant Yes

Packaging Information

Package Quantity 100 - 5" x 8" Wipes
Product Weight 1.85 lbs [0.84kg]
