

SpliceConnect Universal Mechanical Splicing Tool Kit

FO-SPLICE-KIT - Specifications

Description

This splice maintains physical contact between the fibers. An assembly tool is used to ensure the fibers are mated correctly, resulting in <math><0.1\text{ dB}</math> insertion loss (typical for single-mode). The SpliceConnect secures both fiber and coating independently with the U-shaped sleeve, enhancing the strength against fiber twist.

Features

- 250 μm and/or 900 μm fiber capabilities
- Quick splicing time
- Both fiber and coating are secured independently
- Minimal tools

Applications

- Restoration
- Premise environments
- Fiber-to-the-Subscriber (FTTx) applications

Manufacturing Information

AFL Part Number CS004162

Packaging Information

Included in Package

- 1 - SpliceConnect Mechanical Splicing Tool
- 2 - Fiber Holder, 250 μm
- 2 - Fiber Holder, 900 μm
- 1 - Template, Strip/Cleave Length
- 1 - Carrying Case
- 1 - Instruction Manual

Product Weight 0.41 lbs [0.18 kg]
