

## 42U A/V and Networking Cabinet - Pre-Loaded with Fan Top, 9 Shelves & Blank Panels - Tapped Rails - Black

RM-1220 - Specifications

### Description

This 42U A/V and networking cabinet comes with a lockable glass front door, a lockable solid rear door and removable/lockable side panels. It comes assembled and pre-loaded with a four fan top, nine vented shelves, solid blank filler panels and tapped rails. Cable entries are available on the top and bottom of the cabinet. There are also removable panels at the bottom of the cabinet for increased air flow. It is typically used in home installations, security applications, restaurants/bars and offices where server depth is not required.
