

Description

This professional modular plug crimp tool crimps a variety for modular plugs which include RJ50, RJ45, RJ12, RJ11, RJ9 and DEC. The tool can also cut and strip both flat phone cables and round networking cable. With its ergonomically designed handles and ratcheting crimp mechanism, this tool reduces user fatigue and delivers a precise crimp.

Physical Characteristics

Color	Blue and Black
Material	A3 Hardened Carbon Steel
Finish	Hardened Black Oxide

Connector Termination

DEC	Yes
RJ9 (4P4C)	Yes
RJ11 (6P4C)	Yes
RJ12 (6P6C0)	Yes
