

# USB Type-C to DisplayPort Cables with DP Alt Mode - 8Kx4K 30Hz - TPE Jacket

UC-210-xx - Specifications

**Description**

This Type-C male to DisplayPort male cable supports resolutions of Ultra HD 8K x 4K at 30Hz. It is typically used to connect a Type-C source (PC, Laptop, Mac Computer, Mac Laptop, etc.) to a DisplayPort display (monitors, etc.). This cable is uni-directional, therefore it will only work from a Type-C source to a DisplayPort display and not in the reverse direction.
