

1/4 inch (TRS) Female/Female Keystone Wall Plate Insert

WP-IN-HDMI3 - Specifications

Description

This keystone adapter consists of a HDMI female on one end and a HDMI female on the other end. It is typically used to snap into a standard keystone opening and connect a HDMI male cable coming from within the wall to a HDMI male cable going to a source.

NOTE: Supported resolution will depend on the source strength as well as the construction and length of cables connected to the coupler
