

## Manual Screen Printing Press

Kruzer™ is M&R's most affordable manual screen printing press. Built with M&R's rugged construction and innovative design, Kruzer includes numerous proven design features, such as upper and lower carousels equipped with tapered roller bearings, a precise micro-registration system, machined center shaft, and three-point pallet leveling system. Kruzer's unique lever-adjusted off-contact system operates vertically, eliminating the need for a separate angle adjustment. Side screen holders and solid aluminum, low-profile, rubber-coated pallets are standard.

Kruzer delivers unprecedented quality, performance, and value in a manual press. It's ideal for startup screen printing shops and for small and mid-size automatic screen printing shops in need of an exceptionally affordable high-quality manual screen printing press for sampling and small runs.

## FEATURES

- Available in 6-color/4-station or 8-color/4-station configurations
- Simplified off-contact adjustment provides excellent control
- Lightweight, rugged and exceptionally affordable
- Standard side screen clamps for enhanced screen stability
- Compatible with M&R's Tri-Loc® rapid registration system
