EXPERIENCE THE POWER OF 10

# The Entrepreneur® Pro X

Advanced Multi-Needle Embroidery Machine — PR1055X

### Turn up the speed with 10 needles

Quickly stitch designs using up to 10 colours without changing thread and enjoy 10-needle auto threading that threads each needle in seconds with just the touch of a button.

### Endless Design Possibilities

Built-in Brother-exclusive My Design Center software lets you draw designs on screen, scan art with the included scanning frame and zoom up to 1600% right on the LCD display.

### Convenience at your fingertips

A 10.1" high definition colour LCD touchscreen delivers easy navigation, displays your creations before you stitch, lets you watch on-screen tutorials and more.

### Fast embroidery speeds

Embroider up to 1,000 stitches per minute in just seven seconds flat with industry leading high-speed acceleration.

### Keep track of your embroidery

Use wireless LAN connectivity and the My Stitch Monitor mobile app on your iOS or Android™ device to get alerts when it's time to change threads or when your embroidery is finished.

### 14" x 8" expansive embroidery area

Perfect for large projects like quilts and jacket backs, it includes 4 frames (14" x 8", 5" x 7", 4" x 4" and 2" x 1.5") and automatically detects the required hoop size.

### Built-in embroidery designs and fonts

Explore 1,184 built-in embroidery designs, including 140 frame pattern combinations, 40 size-adjustable embroidery lettering fonts and 11 monogramming font styles.

---

## Accessories that expand your machine's capabilities*

### Magnetic Sash Frame

This patent pending Hoopnetic frame makes it easy to hoop and embroider thick materials by avoiding fabric shifting and re-hooping when connecting designs or embroidering large areas. Just slide the fabric on the frame for the next area to be embroidered.

### Tubular Frame Table

Embroider easily on sleeves, pants, and other tubular items with this accessory that also serves as extra support for big fabrics. It's easy to attach and remove with no space between machine and table.

### Flat Brim Cap Frame

Embroider more types of hats than before with our easy-to-use, industry-first 'scratch-free' cap frame. This patent pending accessory lets you stitch an industry-leading 35% closer to the brim (6-10 mm), depending on the cap.
