NAPIER'S STORY

For more than 30 years, our mission has been simple: explore in comfort.

It's because that's where our story began.

In 1990, Roman Napieraj packed up his truck and set off for a weekend away at the racetrack. He quickly realized that his allergies were not a match for sleeping outside on the ground, and instead used his truck bed for a more comfortable night's sleep. This sparked the idea that transformed the future of vehicle camping.

A trip to the hardware store and a few designs later, Roman created his first truck tent and set forth launching Napier Outdoors. Napier's outstanding reputation for innovative design and quality products has earned the trust of respected retailers and automotive manufacturers such as GM, Ford, Mopar, Nissan, Honda, Hyundai and Kia.

Today, the #NapierNation community is over one million happy campers strong and continuing to grow. Roman is still the heart of Napier Outdoors and continues to lead the industry he created many decades ago.

SUV TENTS

Unpack fun, not gear.

Spend less time setting up and make more time for adventure. With a Napier SUV Tent, you can seamlessly transform your CUV, SUV, or minivan into a comfortable campsite in minutes thanks to our universal vehicle sleeve. With complete access to the cargo area of your vehicle, you're never more than an arm's reach away from your gear. Leave your liftgate open to run a power source, or keep it closed for a secure area away from unfriendly critters.
