

# OUR COFFEE

## FRUITY & FLORAL

Lightly roasted to shine a spotlight on bright acidities. Find notes of berries, tropical and citrus fruit, and floral notes like chamomile, rose and jasmine.

## SWEET & BALANCED

Meticulously balanced and medium roasted to be enjoyed everyday. Find notes of milk chocolate, caramel, vanilla, subtle stone fruit, nutty, sugarcane, brown sugar and more.

## HERBS & SPICE

Leaning savory but still sweet, these medium roast profiles bring out the complex characteristics of their regions. Find notes of clove, nutmeg, allspice, cinnamon, black pepper, tomato and herbs.

## DARK & ROASTY

Roasted longer for those chasing a richly roasted, dense flavor profile. Find notes of dark chocolate, tobacco, smoke, roasted walnuts and more.
