- Buckle on protective bracket
- Strong secure adhesive
- Slide in supportive bracket
- Screw in for stability and secure placement

One Smart CE Gear is dedicated to improving product performance, thus we've changed the TV mount's chassis to include more stability and security to your device. Ideal for wall mounted TVs with limited space. Simply attach the Apple TV box to the back of your television or directly to the wall. Using the provided screws or adhesive makes for an easy mounting solution.
