ASSEMBLY INSTRUCTIONS

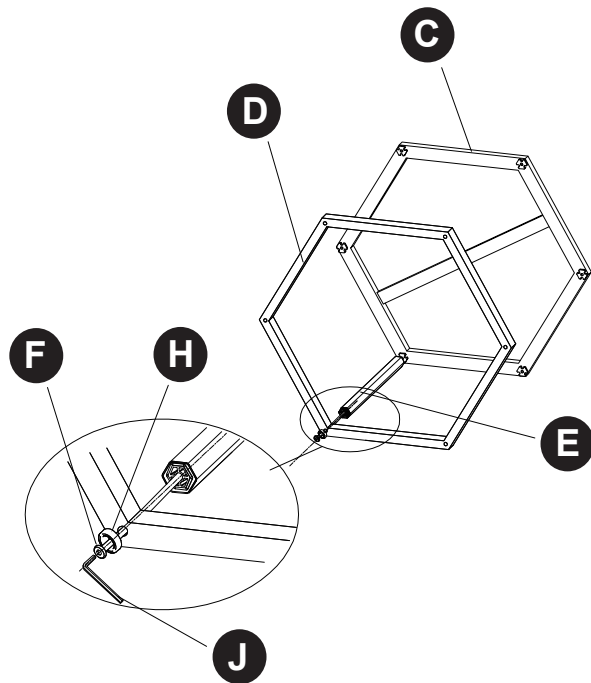

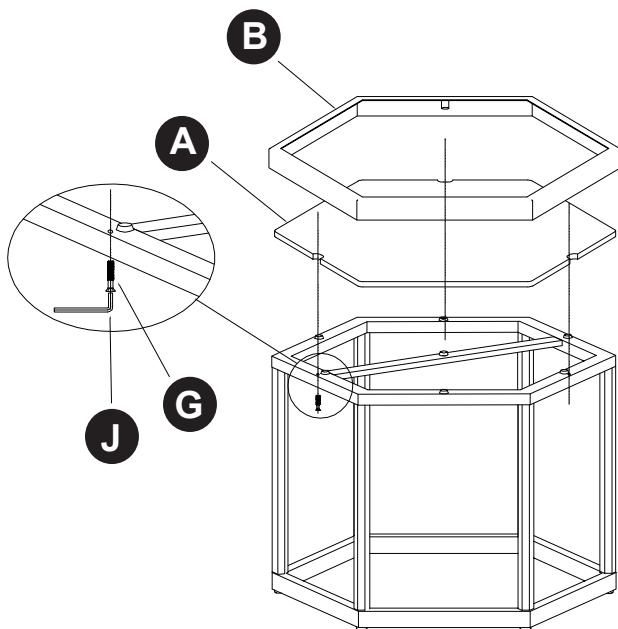

Table top lower frame (C) and base (D) are connected with six table legs (E).

They are secured with table leg bolts (F) using the allen key (J).

Note: Put table leg pads (H) on the table leg bolts (F) before assembly.

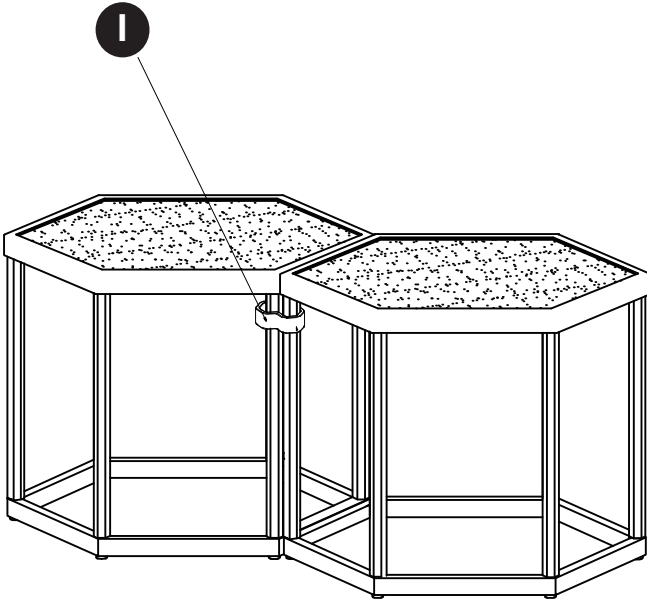

Also, do not tighten table leg bolts (F) until after all six legs are connected.

Note that the plastic parts in the table leg should face down.

As shown in the picture, place tile (A) on the table frame, Align the tabletop upper frame (B) and lock it with bolts (G).

ASSEMBLY INSTRUCTIONS

Interlock two or multiple tables together with a connector clamp (I).
