ENGLAND

## *Introducing* Wonderland and Buttermere Trail

### A Unique Tale

The Fable adventure began at a vintage fair, where a delicate printed bee scarf dated from the 1940's was discovered by our founder, crafted from off-cut fabric used for the RAF pilots in World War II. The beautiful bee print symbolised flight, determination and courage.

This sparked the idea of telling a tale through prints and delicate hand painted jewellery. Each represents positivity and inspires kindness to uplift the human spirit, bringing joy to all who possess the Fable charm.

Like every story there's a beginning, and this was ours.

True to the origins of 'fable' and partial to a story, each collection represents a new tale interpreted by hand painted collectable charms and narrative prints.

Inspired by classic British literature.

Designed and crafted with an infinite love of nature.

# Wonderland

With the World still in disarray, a little tale from down the 'rabbit hole' awakens our spirits for Spring.

Fable's Wonderland Collection celebrates the whim of escapist romance, rediscovering freedom and imaginatively navigating ourselves back to nature.

Our Wonderland theme is illustrated by exquisitely detailed prints. The Toile de Jouy and Curiouser Curiosities prints remind us of the classic Wonderland adventures, featuring original Victorian illustrations.

Fable's whimsical prints are applied to classic handbags, scarves and hair accessories.

Spot a few of our favourite characters from our very own adaptation on a literary classic, featured in our stunning new jewellery collection.

# Buttermere Trail

Buttermere Trail is a sweet celebration of the fabulous tales of Beatrix Potter. Like Potter, we've drawn inspiration from the charming Cumbrian landscape, where Beatrix indulged in her interest in nature, spending hours exploring and sketching the wildlife.

Taking note of Potter's watercolour style, we've collated some much-loved creatures such as mice, rabbits, peacocks, woodpeckers, hummingbirds, otters, fawns, foxes and insects to form a menagerie of lovable characters and prints bound to delight Beatrix Potter fans both new and old!

This season Fable presents the proud Peacock with meticulously decorative detail, enhancing our traditional hand-crafted skill with more elaborate craftsmanship than ever before. Each piece has been delicately hand-painted, displaying the intricate splendour of his tail. A truly unique and elegant ornament to be worn and treasured symbolising renewal, protection, and inner strength.

# Promise

By name and nature, Fable has a moral. Our narrative of nature and love of the natural world allows us the opportunity to connect with kindred spirits and inspire others to help towards the monumental quest of restoring the planet.

We want our customers to be happy with their purchase, knowing that we are committed to learning how to make responsible choices from our practices, processes and materials. We have a responsibility to make positive change for the plants and creatures that inspire our creations.

Fable promises to reduce single use plastic waste and pro actively seek sustainable materials for future collections. Our creations are designed in England and crafted in Asia. As we are an environmentally conscious company, we are dedicated to minimising our carbon footprint, ensuring that our emissions are offset and biodiversity thrives.

Fable has partnered with environmental conservation organisation Make it Wild to help us achieve our promise. Since August 2021, we have pledged to annually offset 70 tonnes of CO2e through tree planting at Bank Woods, North Yorkshire in England.
