A Unique Tale

The Fable adventure began at a vintage fair, where a delicate printed bee scarf dated from the 1940's was discovered by our founder, crafted from off-cut fabric used for the RAF pilots in World War II. The beautiful bee print symbolised flight, determination and courage.

This sparked the idea of telling a tale through prints and delicate hand painted jewellery. Each represents positivity and inspires kindness to uplift the human spirit, bringing joy to all who possess the Fable charm.

Like every story there's a beginning, and this was ours.

True to the origins of 'fable' and partial to a story, each collection represents a new tale interpreted by hand painted collectable charms and narrative prints.

Inspired by classic British literature.
Designed and crafted with an infinite love of nature.

Into the woods

Inspired by fairy tales, our seasonal story vividly casts our imaginations on a wild adventure, Into the Woods.
