EDS Formulas support and defend us in times of immune system crisis

EDS1 Moss Ivy FIRST LINE OF DEFENCE

EDS 1 MOSS IVY IS A POWERFUL COMBINATION OF ESSENCES MADE FROM PRIMARY JUNGLE MOSS AND ANCIENT FOREST LYCOPOD FERNS COMBINED WITH THE HEALING BENEFITS OF IVY BLOSSOM, AS A FIRST LINE OF DEFENSE AGAINST AIRBORNE POLLUTION.

Our belief is that the immune system is utterly controlled by emotions and the heart is the seat of all emotion. Supporting the heart with green plants allows our innate immune system to recover from even serious complications.

EDS 1 Moss Ivy is very supportive of the emotions that may affect the mucosa of the lungs, such as rejection, loss, betrayal and fear.

EDS1 Moss Ivy acts a shield against airborne invasion by supporting and normalising the emotions that impact on the function of megakaryocytes.

IVY Flower Essence enables **spiritual belief and stimulates the feelings of warmth and loving kindness. Enabling us to understand that we are never alone and always loved and supported by our guardian angels.**

Ivy Flower defends deep emotional trauma that has not been confronted and would therefore cause heart-ache and heart problems - Emotional heart block. When we are not able to come to terms with life's disappointments and sad situations we suffer with heart-break and heart-ache and this would lead to pains that occur in the heart area.
