

K7-67 MINILUBE +10LB container

PORTABLE FOOT PUMP GREASING SYSTEM
10,000 PSI / 30 Shot per Prime / Industrial Grade

PRODUCT OVERVIEW

The K7-67 MINILUBE® Portable High Pressure Manual Greasing System provides high-volume/high-pressure greasing in a compact and portable package.

It consists of two main components, a foot operated spring-loaded pump, that dispenses grease from the container to the hose and gun and a patented high pressure/high volume KR pressurite™ gun.

When the gun is set on the “high volume” position the gun will deliver up to 5,000 psi and when set on the “high pressure” setting the gun will deliver a lower volume of grease, but at higher pressures (up to 10,000 psi).

The K7-67 is an economical alternative to the more expensive air-operated greasing systems.

FEATURES & BENEFITS

Manual Greasing System
Light weight and portable go anywhere design

KY SUPERGRIP™ Coupler
Positive no leak connection ensures grease reaches the bearing

Foot Operated Pump
Provides 30 shots per prime

Rubber-edged Follower Plate
Wipes container clean & prevents air pockets & contamination

Fits 10LB Containers
Comes with 10LB Container for bulk fill

Fully Repairable
Provides a much longer service life - includes an honest 10 year Warranty

KR Pressurite Gun
Choose between high pressure or high volume setting

High Pressure Setting
Produces up to 10,000psi (68,900kPa) of pressure

High Volume Setting
Delivers up to 1.25g grease per shot

360° Ball Swivel
Prevents hose from kinking

Fully Sealed System
With inbuilt grease strainer prevents grease contamination

5 FT Delivery Hose
Easy to reach difficult applications

TECHNICAL SPECIFICATIONS

5 FT delivery hose with adjustable high pressure or high volume setting
Compatible with 10LB rigid grease buckets
Comes complete with 10LB container for bulk fill
High volume setting: Up to 34,450k (5,000psi), 1.25g per shot
High pressure setting: Up to 68,900kPa (10,000psi), 0.45g per shot
Delivers up to 30 shots of grease per prime
Suitable for all NLGI 2 Greases
Best Warranty in the Industry
