

AMAZING ANIMALS MAKER KIT

Create amazing animals using this craft kit with over 300 pieces, you can let your imagination run wild! Follow our lesson tutorial, for step by step guidance and get your embrace the animal spirit. Parents/carers can sit down with young kids and show talk about types of animals and continents they originate from. Talking with children about animals as you create them, can assist their language and sensory development.

Turtle Instructions

- 1 Coil a brown pipe cleaner into a circle. Bend the pipe cleaners so that the center of the circle is raised. Tuck in the end. Make the head, legs, and tail with segments of green pipe cleaners.

- 2 Glue the eyes to the head, and then glue the head to the underside of the shell.

- 3 Then glue on the legs and tail.

- 4 Then glue on the legs and tail. Make a second brown coiled circle to be the bottom of the shell. Glue this to the turtle's belly.

Pig Instructions

1 Make the body by wrapping pink pipe cleaners around a large Pom Pom ball. I used 3 pipe cleaners for the body. Then coil pipe cleaners to make the head and snout. I used a separate pieces for the ears. I also made a small round coil to cover the front of the body.

2 Glue the circle to the front of the body. Glue the ears to the top of the head. Use just a little bit of hot glue so that the glue doesn't show!

3 Then make four legs out of segments of pipe cleaners. Make a curly tail and insert it into the body.

4 Put a small bit of a glue on each leg and on the tail before sticking them into the body. Glue on the eyes.
