

*Caddy Splash*

# Safety Data Sheet

## 1. Identification

<b>Product Identifier</b>	The Caddy Splash Golf Iron Polish
<b>Common Name</b>	Golf Iron Cleaner
<b>Recommended restrictions</b>	For Industrial and Institutional Use Only
	Caddy Splash 16055 Ventura Blvd Ste. #725
<b>Manufacturer</b>	Encino, CA 91436

## 2. Hazardous identification

<b>GHS Classification</b>	Skin Irritation, Eye Damage/Eye Irritation
<b>Routes of entry</b>	Dermal contact, eye contact, Inhalation. Ingestion
<b>Environmental hazards</b>	No known significant effects or critical hazards
<b>OSHA defined hazards</b>	Not Classified
<b>Other hazards which do not result in classification</b>	Not applicable
<b>Label elements</b>	None applicable
<b>Hazardous Determination System (HMIS)</b>	

<b>Hazard Statement</b>	Caution, Causes skin irritation
<b>Storage</b>	Not applicable
<b>Disposal</b>	Not applicable
<b>Precautionary Statements</b>	
<b>Prevention</b>	Wash hands and any exposed skin thoroughly after handling. Wear protective gloves. Wear eye protection.
<b>Response</b>	
<b>Eyes</b>	If in eyes, rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists, get medical attention.
<b>Skin</b>	If on skin or hair, wash with plenty of soap and water. If skin irritation occurs, get medical attention. Take off contaminated clothing and wash before reuse.
<b>Specific Treatment</b>	See Safety Data Sheet Section 4 "FIRST AID MEASURES" for additional information.

# Safety Data Sheet

## Other Information

May be harmful if swallowed. Harmful if absorbed through skin. Inhalation of vapors or mist may cause respiratory irritation. Keep out of reach of children.

## 3. Composition/Information on Ingredients

Chemical Name	CAS Number	Weight %
Water	7732-18-5	30-60
Nonionic Surfactant Mixture	Varies	20-30
Aluminum Oxide	1344-28-1	20-30
Oleic Acid	112-80-1	10-17

**Trade secret claims:** Specific chemical identity and/or exact percentage of composition has been withheld as a trade secret.

Occupational exposure limits, if applicable, are listed in section 8.

## 4. First Aid Measures

<b>Inhalation</b>	Remove victim to fresh air and keep at rest in a position comfortable for breathing. Call a poison control center or physician if you feel unwell.
<b>Ingestion</b>	Rinse mouth. Do NOT induce vomiting. Never give anything by mouth to an unconscious person. Get medical attention if you feel unwell.
<b>Skin contact</b>	Wash with plenty of soap and water. Take off contaminated clothing and wash before reuse. If skin irritation occurs, get medical attention.
<b>Eye contact</b>	Rinse cautiously with water for at least 15 minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists, get medical attention.
<b>Note to Physicians</b>	Treat symptomatically.

## 5. Fire Fighting Measures

<b>Suitable Extinguishing Media</b>	Product will only burn if sufficiently heated to drive off water. Chemical foam, dry chemical or carbon dioxide
<b>Specific Hazards Arising from the Chemical</b>	Use water spray to cool fire exposed containers
<b>Hazardous Combustion Products</b>	May include Carbon Monoxide, Carbon Dioxide, and other toxic gases or vapors.
<b>Protective Equipment and Precautions for Firefighters</b>	Wear MSHA/NIOSH approved self-contained breathing apparatus (SCBA) and full protective gear. Cool fire-exposed containers with water spray.

## 6. Accidental Release Measures

<b>Personal Precautions</b>	Avoid contact with skin, eyes, or clothing. Use personal protective equipment as re-
<b>Environmental Precautions</b>	Do not rinse spill onto the ground, into storm sewers, or bodies of water.

# Safety Data Sheet

**Methods for Clean-Up** Prevent further leakage or spillage if safe to do so. Contain and collect spillage with non-combustible absorbent material (i.e.: sand, earth, diatomaceous earth, vermiculite) and place in container for disposal according to local/national regulations (see Section 13).

## 7. Handling and Storage

**Safe Handling** Handle in accordance with good industrial hygiene and safety practice. Wash thor-

**Safe Storage** Keep containers tightly closed in a dry, cool, and well-ventilated place. Keep out of the

## 8. Exposure controls/personal protection

### Control Parameters

#### Ingredient

#### Exposure limits

#### Appropriate engineering controls

Provide good general ventilation. If work practices generate dust, fumes, gas, vapors, or mists which expose workers to chemicals above the occupational exposure limits, local exhaust ventilation or other engineering controls should be considered.

#### Personal Protection

Eye: splash goggles

Protective Gloves: Wear rubber or other chemical-resistant gloves

Respiratory: - None needed under normal conditions

#### Environmental exposure controls

Emissions from ventilation or work process equipment should be checked to ensure they comply with the requirements of environmental protection legislation. In some cases, fume scrubbers, filters or engineering modifications to the process equipment will be necessary to reduce emissions to acceptable levels.

### Individual protection measures

#### Hygiene measures

Wash hands and any exposed skin thoroughly after handling. See 29 CFR 1910.132-138 for further guidance.

#### Respiratory protection

Not required with expected use. If occupational exposure limits are exceeded or respiratory irritation occurs, use of a NIOSH approved respirator suitable for the use-conditions and chemicals in Section 3 should be considered.

#### Hand protection

Wear rubber or other chemical-resistant gloves.

#### Eye protection

Wear splash goggles.

#### Skin protection

Wear rubber or other chemical-resistant gloves.

# Safety Data Sheet

## 9. Physical and chemical properties

### General Information

Physical state	Liquid
Color	White
Odor	Mild odor
Flash point (ASTM D-92)	>212°F
Auto-ignition temperature	None established
Vapor pressure	None determined
Vapor density	None determined
Volatility	Negligible
Evaporation rate	> 1
pH	9.0
Boiling Point / range	>212°F
Specific Gravity (H <sub>2</sub> O=1)	1.12
Water Solubility	Complete

## 10. Stability and reactivity

Chemical stability	Stable under normal conditions.
Possible of hazards reactions	This material is considered to be non-reactive under normal conditions of use.
Conditions to avoid	No specific data
Incompatible materials	No specific data
Hazardous decomposition products	Under normal conditions of storage and use, hazardous decomposition products should not be produced.

## 11. Toxicological Information

### Information on the likely routes of exposure

<b>Inhalation</b>	Nasal discomfort and coughing	<b>Skin contact</b>	Pain, redness, and cracking of the skin
<b>Ingestion</b>	Pain, nausea vomiting, and diarrhea	<b>Eye contact</b>	Pain, redness, swelling of the conjunctiva and blurred vision.

### Hazardous Component (s)

### LD50s and LC50s

### Immediate and Delayed

### Health Effects

Occupational exposure limits, if applicable, are listed in section 8.

# Safety Data Sheet

## 12. Ecological Information

**Environmental effects** No known significant effects or critical hazards  
**Other adverse effects** No information available

## 13. Disposal considerations

**Disposal methods** Dispose of in accordance with federal, state, and local regulations.

## 14. Transportation Information

US Department of  
Transportation Classification

## 15. Regulatory Information

**Toxic Substances Control Act (TSCA) Status:** (Toxic Substance Control Act Section 8(b) Inventory) All chemical substances in this product are included on or exempted from listing on the TSCA Inventory of Chemical Substances.

**SARA 313** This product contains the following listed substances

### SARA 311/312 Hazard Categories

<b>Acute Health Hazard</b>	No
<b>Chronic Health Hazard</b>	No
<b>Fire Hazard</b>	No
<b>Sudden release of pressure Hazard</b>	No
<b>Reactive Hazard</b>	No

### State Regulation

This material is not regulated by the California Safe Drinking Water and Toxic Enforcement Act. This product (petroleum) as well as the zinc and zinc compounds contained within are listed in the New Jersey Right-to-Know Chemical List and the Pennsylvania Right-to-Know Chemical list.

## 16. Other Information

All reasonable practicable steps have been taken to ensure this data and the health, safety and environmental information contained in it is accurate. No warranty or representation, express or implied is made as to the accuracy or completeness of the data or information. The data and advice is given apply when the product is sold for the stated application or applications. You should not use the product other than for the stated application or applications without seeking advice.

It is the user's obligation to evaluate and use this product safely and to comply with all applicable laws and regulations. The manufacturer shall not be responsible for any damage or injury resulting from use, or failure to adhere to recommendations, or from any hazards inherent in the nature of the material. Purchasers of the product for supply to a third party for use, have a duty to take all necessary steps to ensure that any person handling or using the product is provided with the information in this sheet. Employers have a duty to tell employees and others who may be affected of any hazards described in this sheet and or any precautions that should be taken.
