

ITY MINE, CÔTE D'IVOIRE

FACT SHEET

Where did my Gold come from?

ITY MINE

ABOUT THE MINE

At Ity, excellence is not just a goal; it's a way of life. Renowned for its unwavering commitment to environmental, social, and governance principles, Ity sets the Gold standard for responsible mining. From pioneering safety measures to fostering vibrant communities and preserving nature's bounty, Ity's dedication ensures that every ounce of Gold mined enriches society while safeguarding our planet for generations to come.

The Ity mine stands as a beacon of sustainability and responsible mining practices in Côte d'Ivoire, with a legacy spanning over 25 years. Since its inception in 1991, Ity has been a major Gold producer in the country, surpassing 1.4 million ounces of Gold mined. As the flagship mine of Endeavour Mining Corporation (Endeavour), Ity sets the standard for environmental stewardship, social responsibility, and governance excellence in the region.

Ity was the first of Endeavour's mines to receive SMO accreditation, ensuring your Gold is produced in accordance with strict international standards, and that its segregated journey across the processing, refining and sales chain is fully traceable.

ITY MINE

ESG CREDENTIALS

Endeavour Mining Corporation, the owner and operator of the Ity mine, is committed to upholding the highest social and environmental standards. As a member of the World Gold Council, Endeavour adheres to the Responsible Gold Mining Principles (RGMPs), ensuring sustainable mining practices that align with the United Nations Sustainable Development Goals. Ity's dedication to local empowerment, community development, and environmental conservation sets it apart as a leader in responsible Gold production.

Ity is a true all-rounder, with strong social and environmental metrics across all aspects of its operations.

ITY MINE

HOW ITY IS MAKING A DIFFERENCE

SAFETY EXCELLENCE

Achieved standout safety statistics in 2023, with zero fatalities and robust safety measures implemented (0.00 LTIFR and 0.41 TRIFR). Held numerous safety events and campaigns to reinforce zero-harm commitment and increase safety awareness.

LOCAL EMPOWERMENT

Supported over 300 Ivorian businesses through procurement, with 93% of the workforce being Ivorian nationals. Endeavour's social performance teams held 466 meetings with local stakeholders in 2023 to discuss various topics, including employment opportunities, local procurement, capacity building, and community development projects.

COMMUNITY DEVELOPMENT

Established projects like the Cassava Co-operative, generating over \$600/week in profit for local communities. Facilitated market access for local farmers, with 80% being women. Chaired the HeForShe Association in Côte d'Ivoire to promote gender equality in the mining sector, launching initiatives such as The Gender Barometer study for the Ivorian mining sector.

ITY MINE

ITY MINE

BIODIVERSITY CONSERVATION

Joined the nationwide reforestation caravan led by the YeS Foundation and SODEFOR to reforest 40 hectares in the classified Krozialé forest near the Ity mine. Endeavour invested 20 million FCFA to protect biodiversity and support local livelihoods, engaging community stakeholders in monitoring efforts.

Furthermore, partnered with the University of Daloa to safeguard the Cavally River, a vital freshwater ecosystem adjacent to the mine site. Established fishponds to cultivate native fish species, ensuring their reproduction and eventual reintroduction into the river.

HEALTH AND EDUCATION IMPACT

Implemented a targeted anti-malaria strategy and established a committee in partnership with the National Institute of Public Hygiene in Côte d'Ivoire. Provided voluntary HIV testing and counselling for employees. Established an Adult Literacy Programme and facilitated identity document issuance for vulnerable girls. Collaborated with Santé en Entreprise to provide free health screenings, with 580 individuals voluntarily screened during 2023.

ITY MINE

ACCOUNTABILITY

To allow customers and other stakeholders to hold the Ity mine to account, Endeavour reports on its environmental, social and governance (ESG) activities and performance through its annual Sustainability Report.
