Auto • Marine**

The **#1** Choice in
Specialty Lubricants

Lock-Ease® Graphited Lock Fluid

Protects against sticking, rust, and freezing. AGS Lock-Ease® makes locks work easier year-round. Helps seal out moisture from working parts, providing maximum protection against freezing. Enters as a rapid penetrant, coating lock mechanism. The special "carrier" then evaporates, leaving a graphited, long-wearing film. After evaporation, it will not run, even in hottest climates, and won't harden at sub-zero temps. Suggested applications: all types of locks, household appliances, tools, guns, reels, and other fine mechanisms.

Extra Fine Graphite

AGS Extra Fine Graphite is the finest all-purpose, dry powder lubricant which is both odorless and non-toxic. Use to guard against sticking, wear, and corrosion. Can be used year-round on all types of material, including metal, wood, plastic, and rubber. Suggested applications: precision instruments, locks, hinges, tools, guns, fishing reels, camera shutters, bicycles, office machines, toys, and other fine mechanisms.

MZ-21 (12/case)

GDL-8 (12/case)
8 oz tube

Door-Ease® Dripless Oil

All-purpose, stays put, and won't drip out. Penetrates quickly, then converts to a full-bodied lubricant, combining the best properties of oil and grease. Lubricates, rustproofs and displaces moisture. Won't gum at -20°F or drip at +200°F. Outperforms common "cure-all" sprays. Suggested Applications: Hinges, joints, chains, overhead hoists, stuck nuts/bolts, locks, and instrumentation.

DO-4 (12/case)
3.4 oz bottle

WARNING: Cancer - www.P65Warnings.ca.gov

Door-Ease® Stick Lubricant

Door-Ease® is 'The Original' no-mess stick lubricant. It's the clean, convenient way to stop squeaking and sticking all around the house and shop. Weatherproofs and prevents wear on any exposed surface while lubricating much cleaner than greases and oils. With Door-Ease® it is impossible to over-apply. Safe to apply on metal, wood, glass, plastic, or rubber. Suggested applications: sliding door and window channels, curtain rod slides, latches, doors, drawers, zippers, sunroofs, seat tracks, screws and nails, and power and hand saw blades.

AUTOMOTIVE LUBRICANTS

Sil-Glyde® Brake Lubricant

Sil-Glyde® is a silicone-based brake lubricant recommended for the entire brake assembly to stop squeaking and sticking. Compatible with rubber. It is moisture-proof and heat-resistant to over 425°F (218°C), which means it won't burn-off like other products. Ease rebuilding of O-rings, grommets, and boots. Also, seals boots against moisture. Using AGS Brake Lubricant is one of the keys to eliminating disc brake squeal.

Cerami-Glyde® Brake Lubricant

Cerami-Glyde™ Brake Lubricant is a silicone-based brake lubricant with ceramic solid additives formulated to reduce brake noise in the most extreme conditions and temperatures. Works with both ceramic and metallic brake pads and is safe for use on all parts (including EPDM and Nitrile rubber) of the brake assembly.

Lock De-Icer

Thaws frozen locks quickly and keeps them working! Also lubricates internal lock mechanism to prevent further freezing and protect against rust. Not harmful to automotive paint finishes. Suggested applications: auto and home door locks, gas cap locks, bike rack locks, ski box locks, and luggage box locks.

MZ-1 (12/case)
.5 oz carded tube

MZ-1H (12/case)
.5 oz carded tube

Sil-Glyde® Lubricating Compound

A longer-lasting, high film strength protective lubricant for all surfaces, including: rubber, metal, wood, glass, and plastic. Won't melt, freeze, gum, or run off. Performs from -20°F to +400°F. Grease consistency stays put and won't drip off like silicone oils. Harmless to rubber and car finishes. Suggested applications: Trunk seals, rubber bumpers, speedometer cables, brake parts, window channels, hood strips and pads, rubber gaskets, and belts.

SG-2 (12/case)

Dielectric Grease

Dielectric Grease provides a moisture-proof barrier for electrical connections and wiring. Locks out weather, salt, and dirt, even in severe outdoor conditions. Stops Electrical Failures. A "MUST" for all electronic and standard ignitions. Meets OEM specifications. Only Dielectric Silicone works on HIGH ENERGY IGNITION SYSTEMS. Prevents mis-readings. Seals out moisture and corrosion. Suggested applications: plugs, sockets, connectors, bulbs, trucks, marine, cars, outdoor equipment, and underground connections, sensor connections, computer connections, solenoids, truck pigtails, plugs, ignition modules and coils, marine connections, lighting systems, batteries, and terminals.

DS-4 (12/case)
4 oz tube

RU-GLYDE® Tire Mounting Lube

Lubrication is an essential part of tire mounting and dismounting service. Always lubricate with the industry-approved RU-GLYDE® to protect against bead damage and to help seat tire beads properly on the rim. Will not cause rust or tires to slip after mounting and balancing. Removes rubber squeals in bushing and grommets. Restores new look to floor mats, tires, and upholstery.

LITH-EASE® White Lithium Grease

LITH-EASE® is a high-quality, multi-purpose grease for automotive, marine, shop, farm, and home use. It is a long-lasting lubricant with excellent water and heat resistance, rust and corrosion protection, and high film strength. Won't melt, freeze, gum, or run off. LITH-EASE® provides superior performance in all weather and all temps.

WL-14 (10/case)
14.5 oz cartridge

Multi-Purpose Grease

Multi-Purpose Lithium Grease is a premium oil based grease with load carrying capabilities perfect for most general applications. It is a long-lasting heavy-duty lubricant with excellent rust and corrosion protection. Reduces friction between moving parts and metal-to-metal contact points. Performs in 10°F (-12°C) to 200°F (193°C).

WLMP3-3 (6/case)
3 - 3 oz cartridge

WLMP-14 (10/case)
14 oz cartridge

WLMP-16 (12/case)
16 oz tub

Single Use

This product category is just as the name implies – a single-use application meant to perform one job and that's it. No wasted product when just one application is all you need. These are mainly suited to automotive repairs and maintenance, like brake installation, tune-ups, and bulb installations. However, many of the products would be just as well suited to the home or industrial uses as well.
