

SINGLE-USE POUCHES

Automotive • Industry • Auto • Marine

Always Innovating

These products are just as the name implies – a single-use application meant to perform one job and that's it. No wasted product when just one application is all you need.

Gasket Sealer RTV Silicone

"RTV" Blue Silicone specifically developed and packaged to replace the gasket on thermostats and water pumps. Can also be used in other applications. Resistant to oil, transmission fluid, antifreeze, water, steam, lubricants, and more... Temperature range from -70° to 500° F – Sensor safe – Low volatility.

- Stops leaking gaskets!
- Aids in alignment!
- Prevents leaks!
- Low volatile formula!

Part Number	Description	Case QTY
TG-1	Gasket Sealer, Pouch, 7.4 g	100

Thread-Magic® Anti-Seize Grease

Avoid stuck plugs and bolts – Heat resistant – Assure easy installation and removal. Thread-Magic® withstands temps to 1200° F (649° C). Won't wash out. Even works on bi-metal applications where seizing problems can be severe. Assure easy removal on aluminum and cast iron components to prevent seizing, galling, and damage during disassembly. 1001 uses... including lug nuts, brake lube assembly and anchor pins, engine head bolts, spark plug threads, oxygen sensor threads, exhaust manifold studs, EGR fittings, starter & alternator bolts, and more!

- Prevents stuck plugs!
- Prevents galling!
- Easier installation and removal!

Part Number	Description	Case QTY
TMP-1	Thread-Magic Anti-Seize, Pouch, 4 g	100

Oil Drain Plug/Filter Thread Sealant

Prevent engine damaging oil leaks with AGS Thread Sealant. Apply to threads on all types of all filters and oil drain plugs to prevent freeze-ups. Allows for easier, safer, and trouble-free removal.

- Easier plug removal!
- Prevents leaking!
- Guard against engine damage!

Part Number	Description	Case QTY
ODP-1A	Oil Drain Plug/Filter Thread Sealant, Pouch	1000

Connector Protector Dielectric Grease

Connector Protector provides a moisture-proof barrier for electrical connections and wiring. Locks out weather, salt, and dirt, even in severe outdoor conditions. Applications include plugs, sockets, connectors, bulbs, trucks, marine, cars, outdoor equipment, and underground connections.

- Prevents electrical failure!
- Locks out moisture!
- Prevents corrosion!

Part Number	Description	Case QTY
CP-1	Connector Protector, Pouch, 4 g	100

Cerami-Glyde® Silicone Brake Lubricant

Cerami-Glyde® Brake Lubricant is a silicone-based brake lubricant with ceramic solid additives formulated to reduce brake noise in the most extreme conditions and temperatures. Works with both ceramic and metallic brake pads and is safe for use on all parts (including EPDM and Nitrile rubber) of the brake assembly.

- Always use with ceramic pads!
- Contains ceramic particles!
- Hi-temp formulation!

⚠ WARNING: Cancer - www.P65warnings.ca.gov

Part Number	Description	Case QTY
CM-1	Cerami-Glyde Brake Lubricant, Pouch, 4 g	100

Battery Terminal Protector Dielectric Grease

Use everywhere around the battery/cable connection to prevent acid related corrosion that decreases battery life and saps power. Apply to battery terminals, cable ends, clamps, connectors, hold-downs, and more... Ensure Max Battery Power, Battery & Cable Protection, Anti-Corrosion.

- Ensure maximum battery power!
- Stop corrosion!
- Extend battery and cable life!

Part Number	Description	Case QTY
BT-1	Battery Terminal Protector, Pouch, 4 g	100
BT-1KA	Battery Installation Kit, Pouch	1000

Single-Use Pouches

Spark Plug Boot Protector Dielectric Grease

A special high-temperature formula dielectric silicone for spark plug boots. When applied to spark plug boots and wires, the product prevents boots from sticking to plugs and distributor cap. It also prevents voltage leakage. Avoid stuck-on boots & prevent arcing.

- Prevents stuck boots!
- Eliminates voltage leaking!
- Prevents arcing!
- Easier removal!

Part Number	Description	Case QTY
SP-1	Boot Protector, Pouch, 4 g	100

Grease-A-Bearing® Wheel Bearing Grease

Just enough grease to complete two wheel bearings or one axle. This high temp, high pressure, water resistant grease is great for boat trailers, cars, universal joints, chassis, etc. Comes as 12 pouches in a counter/shelf display.

- High temperature!
- High pressure!
- Water resistant!

Part Number	Description	Case QTY
WBG-2	Grease-A-Bearing Wheel Bearing Grease, Pouch, 80 g	48

Dielectric Grease Protector

This high temperature formula dielectric silicone is specifically designed for high-energy/low-voltage systems. Simultaneously protects from moisture and dissipates excess heat. Excellent for ECM, TCM, BCM, and ignition connections.

- High temperature formula!
- Dissipates heat!
- Locks out moisture!

Part Number	Description	Case QTY
DP-1	Dielectric Protector, Pouch, 4 g	100

Hitch Ball Lubricant

Protect hitch-balls and receivers from corrosion causing elements with this high-film strength material. Formulated to stay where you apply it, regardless of the environment, this lubricant also decreases wear and noise.

- Extends hitch ball life!
- Extreme high film strength!

Part Number	Description	Case QTY
HB-1	Hitch Ball Lubricant, Pouch, 4 g	100

Bulb Dielectric Grease

Avoid the corrosion that can occur on bulbs and other electrical connections. When that hard to reach bulb burns out – removal will be a snap. Use on: Taillights, Head Lamps, Light Bulbs, Flood Lights and more. Prevents Corrosion – Eases Replacement.

- Moisture-proofs, seals, and protects all electrical connections!
- Prevents corrosion!
- Assures easy removal!

Part Number	Description	Case QTY
BG-1	Bulb Grease, Pouch, 4 g	100
BG-1KA	Halogen Bulb Installation Kit, Pouch	500

Sil-Glyde® Silicone Brake Lubricant

Sil-Glyde® Brake Lubricant is a silicone-based brake lubricant recommended for the entire brake assembly, is compatible with plastic and rubber (EPDM & Nitrile), and dampens vibrations between contact points. It is moisture-proof and heat resistant to over 425° F (218° C), which means it won't burn-off like other brake noise products. Its long-lasting properties provide a noise-free brake installation and easy disassembly. Using AGS brake lubricant is one of the keys to eliminating disc brake squeal and protecting parts from corrosion and rust.

- Stops pad squeal!
- Prevents corrosion!
- Hi-temp - won't melt!
- All metal-to-metal contact points!

Part Number	Description	Case QTY
BK-1	Sil-Glyde Brake Lubricant, Pouch, 4 g	100
