

BLFA-10

3/16" & 1/4" BRAKE LINE FITTING ASSORTMENT

136 FITTINGS

WARNING: Cancer and Reproductive Harm - www.P65warnings.ca.gov

EASY BRAKE LINE REPAIR & REPLACEMENT

Contains the 32 most common fittings -
13 Adapters - 15 Tube Nuts - 4 Unions*

*See back for complete content listing

SAVE TIME & MONEY

- COMPLETE**
 No wasted time searching for the right fitting. Contains all the 3/16" & 1/4" adapters, unions, and tube nuts for working on and creating any 3/16" or 1/4" brake system.
- EASY**
 Simple and clear full-color guide makes finding the right fitting a snap. Also makes refilling quick and easy.
- COST-SAVING**
 Reduce labor time and cost by having the right fitting on-hand when it's needed. Cut wait time to zero!
- FLEXIBLE**
 Can be used with any 3/16" or 1/4" brake tubing. Match tubing to your application. Use standard steel for economical applications or NiCopp® where rust resistance is extremely important.

Use with all 3/16" & 1/4" brake systems

- Domestic • Japanese
- European • British

BLFA-10
From the largest manufacturer of brake lines in North America

FOR THE BEST RESULTS - USE AGS STANDARD STEEL, NICOPP®, OR POLY-ARMOUR® TUBING. ALL AGS BRAKE TUBING IS EASILY BENT BY HAND - NO BENDING TOOLS REQUIRED!

GOOD

STANDARD STEEL

BLC-325
