

ACCU-FIT® MAGNETIC DRAIN PLUG REMOVAL TOOL

DON'T GET BURNED!

AGS CO.
AUTOMOTIVE SOLUTIONS®
 www.agscompany.com • 800-253-0403

The **AGS Accu-Fit® Magnetic Drain Plug Removal Tool** is a necessity for anyone doing oil changes. This unique tool grabs and removes drain plugs, preventing you from being burned by hot oil. This AGS designed tool has 3 articulating fingers that grasp the plug tightly while it's being removed. Additionally, the magnetic base keeps the plug from falling into the oil pan or on to the floor. Its 7.5" reach is achieved by a rubber coated steel cable that is attached to a comfort-grip handle, keeping you safely away from the hot oil. To use, simply loosen the drain plug, attach the tool to the plug, and turn left until the plug is removed. Don't get burned, get the Accu-Fit® Magnetic Drain Plug Removal Tool today!

Stainless steel head construction
3 articulating fingers grasp plug tightly while its removed
Magnetic base keeps plug from falling in the oil pan or on the floor
