

## Funke Greenline Hyper Foam 2

Ecolast Foam technology mattress that produces approx. **22% less CO2** compared to conventional foam mattresses.

**Max weight capacity: 150kg**

- **Patient Comfort & Protection**

ECOLAST foam means a better climate for the user as well as an individual adjustable air circulation for ideal comfort. There is a no risk of failure due to self-inflating foam-in-call-technology.

- **Designed for the environment conscious consumer** (Please see figure 1)

Additionally the technical advantages of the ecolast foam include durability (mattress stays firmer for longer even when exposed to humidity – please see figure 2).

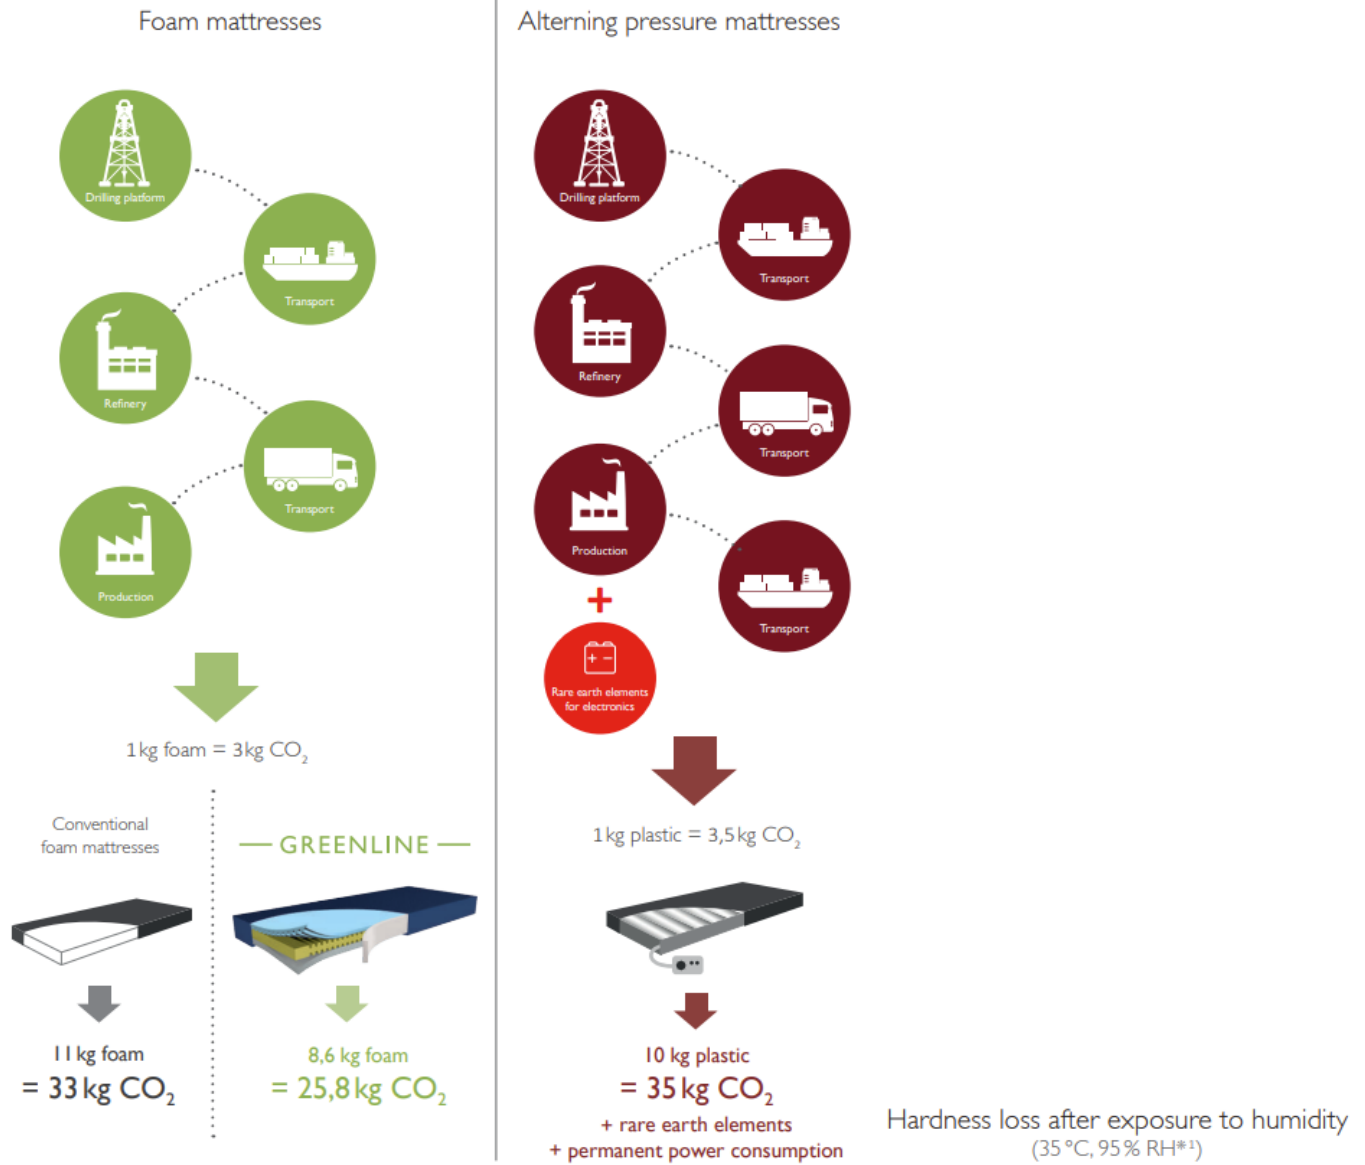

Product Code		Size
GRHF2CL090200-FX	Single	86 x 186 x 15cm
GRHF2CL105196-FX	King Single	105 x 196 x 15cm
