1. Place **CHANGEdesk^{mini}** on top of any level desk, table, or counter.

2. To Adjust The Height:
- Use both hands to grasp the top panel.
 - Squeeze the adjustment lever with your right hand.
 - Raise or lower the top panel to your desired height
 - Release the adjustment lever.
 - Ensure that the top panel is locked in place.
 - Release your grasp on the top panel.

3. Quickly Height-Adjustable
Once familiar with the lever locking system, you can quickly adjust the height of your device in seconds!

TIPS:

- The top panel is smooth and ideal for writing.
- CHANGEdesk^{mini}** adjusts to 4 height settings from ~ 3 – 14”.
- The spring-assisted height adjustment is fast, smooth & safe.

COMMON USES:

- Adjustable-Height Monitor Stand:
Conveniently elevate monitors to eye-level when sitting
- Simple Laptop Standing Desk:
Stand up and work on your laptop anywhere!

WARNING! Only adjust **CHANGEdesk^{mini}** when nothing is on the bottom shelf.

WARNING! PINCH POINT!: Do not place fingers or extremities near or inside the “X-shaped” joints.

DANGER! PINCH POINT!: Do not let fingers or extremities cross the vertical plane created by the X-shaped joints.
