

# CASTER KIT

Caster Kits are available for all bins. All of the feet of our frames are designed with a compatible hole pattern to fit the kits. Caster Kits come with 2 universal swivel, locking wheels and 2 fixed wheels, along with hardware for installation.

## Universal swivel caster:

- 6"x2" Black hard phenolic wheel with roller bearing set in a swivel fork.
- Comes with the cam-action brake (small pedal) and 4"x4.5" top plate.

## Fixed caster:

- 6"x2" Black hard phenolic wheel fixed direction.

The overall height of the casters is 7.5" with a load rating of 3000 lbs per wheel.
